"Perhaps the most remarkable thing about Real Sofistikashun is its simultaneous erudition and accessibility, the fusion of the critical essay—with its emphasis on close analysis and its effort to engage with current theoretical issues—and the general essay—with its emphasis on narrative and entertainment. Just as Tony Hoagland argues that poetry can—and must—fulfill its social obligation by not alienating or estranging the reader, so, too, he suggests that to make its impact, the ...

A controversial collection of essays on poetry, offering analyses of poetry craft with insightful essays on poets ranging from Robert Pinsky to Louise Gluck.

A fearless, wide-ranging book on the state of poetry and American literary culture by Tony Hoagland, the author of What Narcissism Means to Me Live American poetry is absent from our public schools. The teaching of poetry languishes, and that region of youthful neurological terrain capable of being ignited only by poetry is largely dark, unpopulated, and silent, like a classroom whose shades are drawn. This is more than a shame, for poetry is our common treasure-house, and we need its vitality, its respect for the subconscious, its willingness to entertain ambiguity, its plaintive truth-telling, and its imaginative exhibitions of linguistic freedom, which confront the general culture's more grotesque manipulations. We need the emotional training sessions poetry conducts us through. We need its previews of coming attractions: heartbreak, survival, failure, endurance, understanding, more heartbreak. —from "Twenty Poems That Could Save America" Twenty Poems That Could Save America presents insightful essays on the craft of poetry and a bold conversation about the role of poetry in contemporary culture. Essays on the "vertigo" effects of new poetry give way to appraisals of Robert Bly, Sharon Olds, and Dean Young. At the heart of this book is an honesty and curiosity about the ways poetry can influence America at both the private and public levels. Tony Hoagland is already one of this country's most provocative poets, and this book confirms his role as a restless and perceptive literary and cultural critic.

"Hoagland's verse is consistently, and crucially, bloodied by a sense of menace and by straight talk." —The New York Times My heroes are the ones who don't say much. They don't hug people they just met. They don't play louder when confused. They use plain language even when they listen. Wisdom doesn't come to every Californian. Chances are I too will die with difficulty in the dark. If you want to see a lost civilization, why not look in the mirror? If you want to talk about love, why not begin with those marigolds you forgot to water? —from "Real Estate" Tony Hoagland's poems interrogate human nature and contemporary culture with an intimate and wild urgency, located somewhere between outrage, stand-up comedy, and grief. His new poems are no less observant of the human and the worldly, no less skeptical, and no less amusing, but they have drifted toward the greater depths of open emotion. Over six collections, Hoagland's poetry has gotten bigger, more tender, and more encompassing. The poems in Priest Turned Therapist Treats Fear of God turn his clear-eyed vision toward the hidden spaces—and spaciousness—in the human predicament.

Tony Hoagland's essays, full of sharp wit and astute observations, draw out the poetry hiding everywhere in American culture.

National Book Award finalist Patricia Smith chronicles the Great Migration through Motown music and Chicago streets.

An award-winning poet, teacher, and "champion of poetry" (New York Times) demystifies the elusive element of voice. In this accessible and distilled craft guide, acclaimed poet Tony Hoagland approaches poetry through the frame of poetic voice, that mysterious connective element that binds the speaker and reader together. A poem strong in the dimension of voice is an animate thing of shifting balances, tones, and temperatures, by turns confiding, vulgar, bossy, or cunning—but above all, alive. The twelve short chapters of The Art of Voice explore ways to create a distinctive poetic voice, including vernacular, authoritative statement, material imagination, speech register, tone-shifting, and using secondary voices as an enriching source of texture in the poem. A comprehensive appendix contains thirty stimulating models and exercises that will help poets cultivate their craft. Mining his personal experience as a poet and analyzing a wide range of examples from Catullus to Marie Howe, Hoagland provides a lively introduction to contemporary poetry and an invaluable guide for any practicing writer.

The eagerly awaited, brilliant, and engaging new poems by Tony Hoagland, author of What Narcissism Means to Me The parade for the slain police officer goes past the bakery and the smell of fresh bread makes the mourners salivate against their will. —from "Note to Reality" Are we corrupt or innocent, fragmented or whole? Are responsibility and freedom irreconcilable? Do we value memory or succumb to our forgetfulness? Application for Release from the Dream, Tony Hoagland's fifth collection of poems, pursues these questions with the hobnailed abandon of one who needs to know how a citizen of twenty-first-century America can stay human. With whiplash nerve and tender curiosity, Hoagland both surveys the damage and finds the wonder that makes living worthwhile. Mirthful, fearless, and precise, these poems are full of judgment and mercy.

With their intense lyricism, Meena Alexander's poems convey the fragmented experience of the traveler, for whom home is both nowhere and everywhere. The landscapes she evokes, whether reading Bash? in the Himalayas, or walking a city street, hold echoes of otherness. Place becomes a palimpsest, composed of layer upon layer of memory, dream, and desire. There are poems of love and poems of war—we see the rippling effects of violence and dislocation, of love and its aftermath. The poems in Birthplace with Buried Stones range widely over time and place, from Alexander's native India to New York City. We see traces of mythology, ritual, and other languages. Uniquely attuned to life in a globalized world, Alexander's poetry is an apt guide, bringing us face to face with the power of a single moment and its capacity to evoke the unseen and unheard.

The new poetry collection by Tony Hoagland, the award-winning author of What Narcissism Means To Me and Donkey Gospel In Unincorporated Persons in the Late Honda Dynasty, Tony Hoagland is deep inside a republic that no longer offers reliable signage, in which comfort and suffering are intimately entwined, and whose citizens gasp for oxygen without knowing why. With Hoagland's trademark humor and social commentary, these poems are exhilarating for their fierce moral curiosity, their desire to name the truth, and their celebration of the resilience of human nature.

Tony Hoagland captures the recognizably American landscape of a man of his generation: sex, friendship, rock and roll, cars, high optimism, and disillusion. With what Robert Pinsky has called "the saving vulgarity of American poetry," Hoagland's small biographies of destruction reveal that defeat is a natural prelude to grace and loss a kind of threshold to freedom. "A remarkable book. Without any rhetorical straining, with a disarming witty directness, these poems manage to transform every subject they touch, from love to politics, reaching out from the local and the personal to place the largest issues in the context of feeling. It's hard to think of a recent book that succeeds with equal grace in fusing the truth-telling and the lyric impulse, clarity and song, in a way that produces such consistent pleasure and surprise."—Carl Dennis "This is wonderful poetry: exuberant, self-assured, instinct with wisdom and passion."—Carolyn Kizer "There is a fine strong sense in these poems of real lives being lived in a real world. This is something I greatly prize. And it is all colored, sometimes brightly, by the poet's own highly romantic vision of things, so that what we may think we already know ends up seeming rich and strange."—Donald Justice "In Sweet Ruin, we're banging along the Baja of our little American lives, spritzing truth from our lapels, elbowing our compadres, the Seven Deadly Sins. Maybe we're unhappy in a less than tragic way, but our ruin requires of us a love and understanding and loyalty just as deep and sweet as any tragic hero's. And it's all the more poignant in a sad and funny way because the purpose of this forced spiritual march, Hoagland seems to be saying, is to leave ourselves behind. Undoubtedly, you will recognize among the body count many of your selves."—Jack Myers
