Barbara Stanny, the leading expert on women and money, has helped women take control of their finances for two decades—and she knows there is much more to success than how much you earn. In her work with powerful, successful women over the last 20 years, bestselling author and financial educator Stanny has found that most women's problems with money have little to do with money itself, but rather with their fear of, or ambivalence toward, power. Instead of pushing women to pursue financial success in the traditional fashion, Sacred Success seeks to redefine power from a feminine perspective. More than a financial guide, Sacred Success is a primer on

In 2010, Nick Polizzi did something unimaginable. He assembled a group of eight desperately ill patients from around the world and brought them into the heart of the Amazon rainforest to put the mysterious medicines of native shamans to the test. The healing journey that unfolded would change their lives—and his own—forever. In *The Sacred*

Science, we join Nick as he explores these primordial traditions and learns firsthand what it takes to truly heal ourselves of physical disease, emotional trauma, and the sense of “lostness” that so many of us feel in these modern times. We venture into a place where the ordinary rules we live by, even survival instincts, don’t apply—where “the only thing to do is to step forward and be ready for anything.” Nick is not a guru or shaman; he is an ordinary guy who pieced together an illuminating journey, one experience at a time. In this riveting true story, we’re shown the many layers that must be peeled away in order for us to find the truth of who we are and why we’re here. This book is a bridge between the flashy, fast-moving modern world and the forgotten ways of a healthier, earth-

connected ancestral past. You ' ll find practices and principles of native wisdom that you can put to use in your own life, and you ' ll gain a new understanding of what it means to heal. In the end, what will become of the eight patients who set out on this path with Nick? Will the exotic jungle medicines and harrowing rites of passage destroy them or give them a new lease on life? Five will return with remarkable healing results. Two will return disappointed. One won ' t return at all.

When it comes to money, are you controlled by fear? Do you live in financial chaos? Do you underestimate your worth? Are you ready to go to the next level, but can't seem to get there? If the answer is yes to these questions, you may be an underearner. Underearners are self-saboteurs who never live up to their earnings potential, says Barbara Stanny, a financial educator, motivational speaker, former journalist, and career counselor. Underearners tend to live paycheck to

File Type PDF Sacred Success A Course In Financial Miracles

paycheck. They rarely balance their checkbooks and are often in debt. Ironically, many work incredibly hard. Yet they are ashamed to admit that money matters to them. They all have a high tolerance for low pay. The good news is that underearning is often self-imposed. By focusing on overcoming underearning, you will not only earn what you deserve, but you can live up to your full potential. With techniques and exercises that have helped thousands of people who have participated in her Overcoming Underearning™ workshops, Stanny teaches you five essential steps to financial independence. Once you understand these steps, you will be confident asking for a raise, increasing your prices, or getting a better job. "Now I'm making more than my friends, all because I had the guts to

dream and ask for more," says one Stanny fan. First, Tell the Truth: be honest about your financial situation and figure out your attitudes toward money. Second, Make a Decision: decide that you want to make more money. Third, Stretch: take action, face your fears, and be willing to be uncomfortable. Fourth, Create Community by finding supporters and asking for help. Fifth, Respect and Appreciate Money: learn to save and invest. Overcoming Underearning is filled with inspiring, real-life stories of underearners who turned their lives around. Stanny brings a message of empowerment and hope to all those who chronically undervalue themselves. "I'm making more, working less, feeling healthier, have more energy, and I'm so much happier," concludes another Stanny believer.

With a new introduction, Phil Jackson's modern classic of motivation, teamwork, and Zen insight is updated for a whole new readership "Not only is there more to life than basketball, there's a lot more to basketball than basketball."

--Phil Jackson Eleven years ago, when Phil Jackson first wrote these words in Sacred Hoops, he was the triumphant head coach of the Chicago Bulls, known for his Zen approach to the game. He hadn't yet moved to the Los Angeles Lakers, with whom he would bring his total to an astounding nine NBA titles. In his thought-provoking memoir, he revealed how he directs his players to act with a clear mind--not thinking, just doing; to respect the enemy and be aggressive without anger or violence; to live in the moment and stay

File Type PDF Sacred Success A Course In Financial Miracles

calmly focused in the midst of chaos; to put the "me" in service of the "we"--all lessons applicable to any person's life, not just a professional basketball player's. This inspiring book went on to sell more than 400,000 copies. In his new introduction, Jackson explains how the concepts in Sacred Hoops are relevant to the issues facing his current team--and today's reader.

MorningCoach motivational speaker and consultant JB Glossinger thought he had found what he was looking for once he achieved a golden level of corporate success and financial freedom. But even as he relished having conquered the corporate ladder, he felt a strong pull to seek something more, leading him to actualize his personal dream. By

aligning his mission, values, and goals, JB was able to form an action plan and achieve his vision of a fulfilling career of guiding others toward realizing their inner purpose balanced with his passions of family, golf, and writing—all with a three-hour workday. Grounded in years of coaching groups, companies, and individuals, JB has developed a Sacred Six process, adaptable to each person ' s core principles, "keystone" positive habits, and unique goals. More than a simple self-help program, the Sacred Six process is about getting things done and focusing on one ' s life story, encompassing their journey and purpose. An insightful and entertaining raconteur, JB weaves his personal tale of trials and triumph into his time-tested steps for creating a joyful and fulfilling life.

Debunks nine myths about effective money management and describes the principles that lead to true financial success and prosperity.

In this timely book, authors Matthew and Terces Engelhart present the idea that love before appearances is the antidote to our spiritual, environmental, and social degradation. Exploring topics such as mission statements, manager as coach, human resources as a sacred culture, and inspirational meetings, they offer a manual for building a spiritual community at the workplace—a vital concept in an age when work consumes the bulk of most adults' time. Business, the authors explain, is all about providing a service,

File Type PDF Sacred Success A Course In Financial Miracles

product, or experience the market wants, and no business can succeed by failing to understand this point. However, integrating the concept of “ Sacred Commerce ” into business can provide both financial success and spiritual satisfaction. Stressing that every business is an opportunity to make a lasting impact on the lives of both clients and employees, the Engelharts share the tools they ’ ve learned in their own enterprises to fulfill this vision. Sacred Commerce is the ideal mix of the personal and the practical—a guidebook written by people who have felt success, not just spent it. Dissatisfaction with work is at record levels, and the Engelharts show that you don ’ t have to suffer personally—or give up your humanity—to pay the mortgage. From the Trade Paperback edition.

Sacred Matters explores the multi-disciplinary literature about the role of religion in family life and provides new research and a new theory about ways various aspects of the sacred are helpful and harmful. The authors hope that their new conceptual framework will stimulate new research and encourage the creation of new intervention programs designed to help families. Sacred Matters features: a new conceptual framework and theory about how, when, and why sacred matters influence family processes and outcomes new qualitative and quantitative research collected in a variety of ways from people with different religious perspectives in different geographical areas an expansion in theory and research about the role of forgiveness, sacrifice, prayer, and

File Type PDF Sacred Success A Course In Financial Miracles

sanctification in family life the integration of studies and issues from psychology, sociology, family studies, anthropology, and religion. This book raises the bar in creating new theories about family processes and in the integration of theory, research, and application. It begins with a review of the previous literature and then expands the research about sanctification to create a new general theory (or model) about ways sacred processes help and hinder families. Next the authors expand the theory and research about the role of forgiveness, sacrifice, and prayer in families. New theory and research are then added about loving, coping with conflict, dealing with undesirable behavior, generational relationships, morality, and the psychosocial aspects of religion. The authors then describe

File Type PDF Sacred Success A Course In Financial Miracles

ways sacred theory can be integrated with other theories and ways it provides new explanations about broader social problems. The book concludes with new quantitative research and suggestions for future research. Researchers, practitioners, and advanced students in several disciplines will find this volume valuable. It will expand and enrich the reading in graduate and advanced undergraduate courses in areas such as family studies, human development, marriage and family therapy, the psychology of the family and the psychology of religion, the sociology of the family and the sociology of religion, pastoral counseling, anthropology, and social work.
