After receiving a magic sword from his new found love, Sir Dudley must complete a dangerous quest to kill the evil King of the Cyclops. Unfortunately for Dudley, things aren't always what they seem.

The Coalition has information on the location of the legendary Holy Grail, and have sent their best knights to retrieve it. They have also sent Sir Dudley. Will Dudley surprise everyone and return a hero, or will the secrets of the Grail prove to be too dangerous for him?

Sir Dudley is a shining example of true knightliness- he is always chivalrous to the ladies (provided they are young and attractive), he keeps his boots polished at all times (his squire's job), and he never says no to a free meal (he deserves it). He has the perfect career- until one day when he steps foot in Candon, a battered village, besieged by a vicious dragon. Unable to figure a way out of the situation, Dudley soon finds himself face to face with the most deadly creature known to man.

International Bestselling Author Ava Miles presents a sweet and emotional love story about two people who should be wrong for each other but turn out to be so right. Chosen as Best Book of the Year and connected to Ava's bestselling small town Dare Valley series, this romance will warm your hearts and curl your toes. When famous--and infamous--country singer rock star Rye Crenshaw saunters into the diner where she cooks, Tory Simmons is certain she's got him pegged. He's a bad boy Alpha male who indulges himself in all things, women included. But while she couldn't care less about country music or arrogant men, Rye makes her an offer she can't refuse when he asks her to be his private chef on his multi-city concert tour. The job is the answer to all her prayers: it will clear out her debt and finance the fresh start she desperately needs. Rye is certain his sassy new cook is the last woman who'd ever tempt him, but spending time with the wholesome girl next door will do wonders for his damaged public image, whether she likes being forced into the spotlight or not. Her food also happens to be the best he's ever eaten, both comforting and seductive. But spending time with Tory on the road shows him a new side to her--one that's as impossible to resist as her food. And when an emergency in his family whisks him home, he does the one thing he's never risked: he lets a woman into his heart... Soon the emotions Rye faked for the tabloids become all too real, but will the country heaven he's found in Tory's arms survive in the real world?
