## **Snakker du engelsk - Norwegian-English Dictionary - Glosbe**

Wow. I still feel like I just arrived in Norway, and now there are only 13 days left until I leave on a plane back to the motherland. This fall has been a whirlwind of school, classes, group projects, meeting new friends, going on Norwegian adventures, relaxation in Ås and Oslo, and experiencing the amazing transition from summer to autumn to winter in Norway.

This introduction to Norwegian helps students acquire the basic units of vocabulary and structure and use that knowledge to learn about Norway and Norwegian culture. Once students acquire the basic units of vocabulary and structure, they will use their knowledge of the language to learn about Norway. Students will learn about the cities of Oslo and Bergen, how to converse when eating in a Norwegian home or restaurant, and about Norwegian schools. Emphasis is also given to travel and communications, as well as the seasons of the year and Norwegian holidays. The present edition of the text features a short grammar summary, a reference for review to assist in drawing together aspects of the grammar that are presented throughout the text. To aid in developing good pronunciation and intonation habits, as well as to internalize certain items of vocabulary and structure, most chapters contain a practice dialogue for students to practice repeatedly while studying the chapter.

This teacher's manual was written to accompany the textbook Norsk, nordmenn og Norge, published by the University of Wisconsin Press (text ISBN 0-299-08690-9)

Tips on how to study Norwegian and the rudiments of pronunciation provide learners with the basic tools for self-instruction. Each of the 13 lessons is designed with the novice language learner in mind, and moves from day-to-day dialogue to a comprehensive breakdown of the grammatical elements contained in the previous dialogue. Important cultural notes give a context to the user, while exercises reinforce newly acquired concepts and terminology at the end of each chapter. The appendix contains a full glossary, commonly heard Norwegian expressions, and a key to the exercises. Includes 2 companion CDs.

This intermediate-level anthology offers a lively collection of writings for students learning Norwegian. Introductions to selected Norwegian authors, vocabulary lists, and maps promote discussions of Norwegian history, culture, geography and literature.
