Take your students from the basics of communication to mastering speech preparation and delivery with this engaging, dynamic text. ESSENTIAL SPEECH introduces the various types of speeches as well as the keys for effective speech preparation and confident delivery. Relevant activities and examples of effective and ineffective communication make student learning easier. Students learn how strong speeches begin with thorough preparation. They develop into confident, competent communicators as they learn to research and use language and vocabulary effectively. Students learn useful delivery strategies as well as how to perfect their listening, observing, analyzing, and critiquing abilities. This book's inviting and open visual presentation, along with numerous examples drawn from today's world, keep the presentation meaningful and engaging for your students. Numerous hands-on activities also keep students actively involved in learning. Ongoing review and assessment ensure that students understand the concepts as they move ahead. Technology has had a huge influence on how we learn, how we work, and how we communicate today. The online Speech Builder Express tool solves the major challenges in this course: getting students organized and comfortable to make their presentations and relieving anxiety and stress caused by lack of planning and organization. Speech Builder Express coaches students through every step of the speech outlining process. By providing students with the necessary tutorials, sample videos, and access to a dictionary and thesaurus, this product will help build student confidence, lessen student anxiety, and prepare them for real-world career speaking opportunities. Discover all of the aspects of teaching speech that you told us were important to you from concepts and practice to technology support. This book's approach is based on extensive field research and input from teachers across the nation. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Get your students growing with this outstanding hands-on activity book! Through gardening, book-sharing, and other creative activities, students learn about topics ranging from flowers, vegetables, and mushrooms to windowsill gardens, butterflies, and scarecrows. Recipes, word play, and poetry embellish the activities. Designed to motivate and inform, these projects promote learning in a variety of subjects - from ecology, history, and geography to career exploration and the sciences. The authors also provide a list of resources related to gardening - legends, historical fiction, biography, picture books, how-to guides, and environmental books. This is an excellent resource for educators - school librarians, classroom teachers, science education teachers, home school parents, botanical garden education directors, social workers, camp directors - and anyone else who would like to start a children's gardening program.

London 2012 Games : The next lap, sixth report of session 2007-08, Vol. 2: Oral and written Evidence

Jump start your fundraising efforts! Whether your nonprofit has just gotten tax-exempt status or has been operating for years, its success or failure depends on its ability to raise donations from individuals, companies, and institutions. The question you're facing is, "How do we make our voices heard and bring in the needed support?" Here, you'll find plain-English answers. Featuring advice and stories from over 50 experienced fundraisers, foundation staffers, journalists and more, this book explains how to: make a fundraising plan work with individual donors keep givers giving plan special events solicit grants from foundations and corporations use traditional and social media to engage supporters start a side business to raise funds and
