Online Library Stanton Unconditional Stanton 2

Book two of the Stanton series in the follow up from the gripping debut novel by T L Swan, Stanton Adore. Unconditional love, does it really exist or is it an urban myth. What does it really mean? Do you love someone because of their flaws? Or in spite of them. And at what point are the conditions more to bear than the love is worth. This is what I'm trying to decipher, this is my story, I'll let you be the judge.

The third and final piece in the Stanton puzzle Joshua and Natasha are finally as one, so in love like never before. But how dark are the secrets and how deep are the lies? And when is all said and done, are their lives and love Completely safe?

If happiness is a gift. Then Cameron Stanton is my Santa Claus. I can't tell you the exact moment I fell in love with him. Only that I did. With every glance, every touch, every minute.... he stole a little more of me. They say that all men are created equal. Well that's a blatant lie! I know because I met God's gift to women in Vegas, I pretended he was my husband to get rid of another man. He took our fake marriage seriously and it became his personal goal to consummate. He spoke to me in French and I lied to him in German. His laughter was addictive. But I thought what happens in Vegas would stay in Vegas. Until it didn't. Dr. Stanton turned up where I least expected and my lies came back to haunt me. The attraction is palpable. The secrets unchangeable. I need him more than air. This is a stand alone, contemporary romance.

We've changed. Darker, damaged and unable to conform. My husband Joshua is dealing with the past the best that he can.....as am I. Nobody else can understand the language we speak. The trauma we have been through. But with the pain comes pleasure and happiness is our gift. #returntopoundtown

Edwin M. Stanton (1814-1869), one of the nineteenth century's most impressive legal and political minds, wielded enormous influence and power as Lincoln's secretary of war during most of the Civil War and under Johnson during the early years of Reconstruction. In the first full biography of Stanton in more than fifty years, William Marvel offers a detailed reexamination of Stanton's life, career, and legacy. Marvel argues that while Stanton was a formidable advocate and politician, his character was hardly benign. Climbing from a difficult youth to the pinnacle of power, Stanton used his authority--and the public coffers--to pursue political vendettas, and he exercised sweeping wartime powers with a cavalier disregard for civil liberties. Though Lincoln's ability to harness a cabinet with sharp divisions and strong personalities is widely celebrated, Marvel suggests that Stanton's tenure raises important questions about Lincoln's actual control over the executive branch. This insightful biography also reveals why men like Ulysses S. Grant considered Stanton a coward and a bully, who was unashamed to use political power for partisan enforcement and personal preservation.

Rick Stanton was a promising professional baseball player with dreams of playing in the major leagues and starting a family with his young wife, Francesca, when World War II changed everything. Rick returns from the war with his body broken and his dreams shattered. But it was not just body and spirit he sacrificed for the war. He and Francesca volunteered their beloved dog, Pax, for the Army's K-9 Corp, not knowing if they'd ever see him again. Keller Nicholson is the soldier who fought the war with Pax by his side, and the two have the kind of profound bond that can only be forged in war. Pax is the closest Keller has to a sense of family, and he can't bear the thought of returning him to the Stantons. But Rick and Francesca refuse to give him up. Instead, an arrangement is made: Keller will work as Rick's live-in aide. And thus an unlikely family is formed, with steadfast Pax at the center. As they try to build a new life out of the ashes, Keller and Francesca struggle to ignore their growing attraction to each other, and Rick, believing that he can no longer give Francesca what she needs and wants, quietly plans a way out. All three of them need healing. All three of them are lost. And in Susan Wilson's *A Man of His Own*, Pax, with his unconditional love and unwavering loyalty, may be the only one who can guide them home.

A powerful study of the women's liberation movement in the U.S., from abolitionist days to the present, that demonstrates how it has always been hampered by the racist and classist biases of its leaders. From the widely revered and legendary political activist and scholar Angela Davis.

"Henny, a chick with arms, discovers the benefits of being different"--

He outbid me, that was our initial interaction. He was cocky, my first impression. Then he stole my heart, I don't even think he noticed. Alastar O'Shea was full of sexual energy, the things he would say, the addictive things he would do. He knew how to make me come undone. He knew how to love me. He was the best experience of my sheltered life. But do you ever really know who someone is? What if the story I know isn't the story at all? I thought I knew him I was wrong.
