Starting Out with
Programming Logic
and Design, Third
Edition, is a language-
independent
introductory
programming book
that orients students

Online Library Starting Out

to programming
concepts and logic
without assuming any
previous
programming
experience. In the
successful, accessible
style of Tony Gaddis'
best-selling texts,
useful examples and
detail-oriented
explanations allow
students to become
comfortable with

Online Library

Starting Out

fundamental concepts and logical thought processes used in programming without the complication of language syntax.

Students gain confidence in their program design skills to transition into more comprehensive programming courses. The book is ideal for a
