required of every good hospital nurse. Her love of humor gets her in and out of several scrapes: she tumbles into the laundry chute; she tries to defend her fellow student from the inevitable hazing; she gets into an amusing pickle with an Italian patient who speaks no English. Her warm heart and delightful spirit make friends for her among the patients and even win the occasional approbation of the stern staff. Her femininity has more than a casual effect on Dr. Barry, the ablest of the young interns. Sue's student years are alive with color and incident: the tests which she must pass to win her cap; the mistakes, very human in themselves, which almost ruin her career; her struggle with a delirious patient, a struggle which tries her courage to the utmost; Christmas in the hospital, when the entire staff comes together for one spontaneous celebration. Whether or not a reader has the ambition to become a nurse, she will find in this story a true picture of the training school of a great hospital and a heart warming friendship with a fun, joyous young woman.

With her student days behind her and her career well underway, Sue and Bill, now married, together try to run a little hospital in the New England hills that was presented to the community by the town's

wealthiest citizen, Elias Todd. Sue is Superintendent of Nurses, and her old friend Kit is helping her along with many of her fellow students from her years of training. After all the exciting nursing adventures these two girls have shared together, one might think they would find their new work rather tame. It is anything but tame for Sue, however, with that irrepressible street urchin, Marianna, as a student nurse; with Jean Ditmarr, sophisticated New Yorker, thinking she could put something over on the young Superintendent; with Dr. Bill so busy being a good doctor that Sue feared for a while he might not prove such a good husband; and above all, with the mysterious disappearance of the hospital sheets! Sue Barton is at her best with all the excitement and fun that this nurse seems destined to find in her nursing profession.

Sue Barton left her position as Superintendent of Nurses at the Springdale, New Hampshire Hospital in order to raise a family. Now she and Dr. Bill have three children: six-year-old Tabitha and the four-year-old twins, Johnny and Jerry. Sue is happy in her job as wife and mother until she goes to a reunion of her class in nursing school where the accomplishments of others make her feel as if she is stagnating. Yet Sue finds herself using her talents in countless ways as she nurses the neighborhood. She finds work for a disabled farmer;

she pinch-hits for the visiting nurse; she helps bring the famous artist, Mona Stuart and her teenage daughter Cal together. And always something is happening at home for Sue and Bill and their faithful Veazie Ann to cope with - Jerry's strange tantrums, Johnny's disappearance in the woods with his little friend Anne, Tabitha's attempt to run away. Are Sue's training and abilities wasted on all these daily and personal small problems? Her customary humor and warm good sense help her decide.

Now a fully fledged nurse, Sue arrives in New York where she and her friend Kit are joining the Visiting Nurse Service of a large settlement. The great city is new to them and they become absorbed in their work among the world's most cosmopolitan slums. Their 'cases' vary from new-born babies to their lonely obstinate elders, from all manner of immigrants who speak little or no English, to the warm hearted negroes of Harlem. Sue and Kit take a tiny red-brick, green-shuttered house in Greenwich Village, but before long they discover the reason for its very cheap rent, the house is haunted. However, it doesn't take these two lively young nurses long to run the "ghost" to earth. Meanwhile, Dr. Bill Barry urges Sue to leave her work in the

city , marry him, and continue her professional career with him in his country practice. Torn between her loyalty to the settlement and her love for Bill, Sue makes the most difficult decision of her life.
