The Animator's Survival Kit: A Manual of Methods ...

The Animator's Survival Kit is a critically acclaimed animation book and DVD set made by master animator Richard Williams, the animation director of Who Framed Roger Rabbit and the creator of The Thief and the Cobbler.

The Academy Award-winning artist behind Who Framed Roger Rabbit? draws on his master instruction classes to demonstrate essential techniques required of animators of any skill level or method, in an updated edition that provides expanded coverage of such topics as animal gaits and live action. Simultaneous.

FLEXIBILITY AND WEIGHT From Richard Williams' The Animator's Survival Kit comes key chapters in mini form. The Animator's Survival Kit is the essential tool for animators. However, sometimes you don't want to carry the hefty expanded edition around with you to your college or studio if you're working on just one aspect of it that day. The Animation Minis take some of the most essential chapters and make them available in smaller, lightweight, hand-bag/backpack size versions. Easy to carry. Easy to study. This Mini focuses on Flexibility and Weight. How do we loosen things up and get snap and vitality into our performance at the same time as keeping the figure stable and solid? The answer: successive breaking of joints to give flexibility. In this mini, Williams stresses the importance of knowing where the weight is on every drawing. He demonstrates that the best way to show weight is to be aware of it, conscious of it, and think about it all the time - knowing where the weight is coming from, where it's traveling over and where it's transferring to.

DIRECTING, DIALOGUE AND ACTING From Richard Williams' The Animator's Survival Kit comes key chapters in mini form. The Animator's Survival Kit is the essential tool for animators. However, sometimes you don't want to carry the hefty expanded edition around with you to your college or studio if you're working on just one aspect of it that day. The Animation Minis take some of the most essential chapters and make them available in smaller, lightweight, hand-bag/backpack size versions. Easy to carry. Easy to study. This Mini focuses on Directing, Dialogue and Acting. As a director, whatever your idea is, you want to put it over, so the main thing with directing is to be clear - very clear. The Director's job is to hold everything together so that the animator can give the performance. Richard Williams shows how that performance can be achieved with flexibility and contrast. With Acting and Dialogue, the temptation is to try to do everything at once - Williams' advice: do one thing at a time.

RUNS, JUMPS AND SKIPS From Richard Williams' The Animator's Survival Kit comes key chapters in mini form. The Animator's Survival Kit is the essential tool for animators. However, sometimes you don't want to carry the hefty expanded edition around with you to your college or studio if you're working on just one aspect of it that day. The Animation Minis take some of the most essential chapters and make them available in smaller, lightweight, hand-bag/backpack size versions. Easy to carry. Easy to study. This Mini focuses on Runs, Jumps and Skips. As with Walks, the way we run shows our character and personality. A lazy, heavy person is going to run very differently to an athletic ten-year-old girl. Richard Williams demonstrates how - when you're doing a walk and you take both legs off the ground, at the same time and for just one frame - a walk becomes a run. So, all the things we do with walks, we can do with runs. This Mini presents a collection of Williams' runs, jumps and skips inspired by some of the cleverest artists from the Golden Age of Animation

The definitive book on animation, from the Academy Award-winning animator behind Who Framed Roger Rabbit? Animation is one of the hottest areas of filmmaking today--and the master animator who bridges the old generation and the new is Richard Williams. During his more than forty years in the business, Williams has been one of the true innovators, winning three Academy Awards and serving as the link between Disney's golden age of animation by hand and the new computer animation exemplified by Toy Story. Perhaps even more important, though, has been his dedication in passing along his knowledge to a new generation of animators so that they in turn could push the medium in new directions. In this book, based on his sold-out master classes in the United States and across Europe, Williams provides the underlying principles of animation that every animator--from beginner to expert, classic animator to computer animation whiz --needs. Urging his readers to "invent but be believable," he illustrates his points with hundreds of drawings, distilling the secrets of the masters into a working system in order to create a book that will become the standard work on all forms of animation for professionals, students, and fans.

Apprentice yourself to a master of classical animation techniques with this beautiful handbook of insider tips and techniques. Apply age-old techniques to create flawless animations, whether you're working with pencil and animation paper or a 3D application.

A must for collectors and fans of all ages, this is the most exciting, comprehensive, and thorough examination of what the Disney magic is all about. More than 2,700 illustrations, 489 in full color.

A Newly Revised Edition of the Comprehensive Go-To Guide for Any Animation Artist! “ Your Career in Animation is the most comprehensive and valuable book on animation careers that you ’ ll ever need. ” —Bill Plympton, Animator / Producer Whether you want to break into the animation industry or “ toon up ” to a better career, this comprehensive guide will show you how. A leading animation professional surveys the field and shares the advice of more than one hundred and fifty top talents in the business of making toons— including Brooke Keesling, head of animation talent development at Bento Box, Mike Hollingsworth, supervising director of BoJack Horseman; Andrea Fernandez, art director on The Cuphead Show! PES, Oscar-nominated stop-motion director of Fresh Guacamole; Linda Simensky, head of content for PBS Kids; Minty Lewis, co-creator of The Great North; Ross Bollinger, YouTube sensation with his Pencilmation channel, and executives from Nickelodeon, Disney TVA, Titmouse, Inc., Frederator, PBS Kids, Netflix, 9 Story Media Group, Cartoon Network; and dozens of others. Learn how to: • Get the most out of your animation education • Build a portfolio, reel, and resume • Keep your skills marketable for years to come • Network effectively • Learn from on-the-job criticism • Cope with unemployment • Start your own studio or build an indie brand online • Pitch and sell a show of your own • And more! Also included are invaluable resources such as animation schools, societies, film festivals, events, Web sites, and publications. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.
