and confidence needed to join the stock market later in the game.

Financial expert Thomas Maskell secures readers' investments as he introduces stock market procedures and terminology, helps retirees increase their investments to multiply their account value, ignores standard Wall Street rhetoric and trains them to become their own investment experts, and leads them on the path of short-term buying and selling success. This vital stock, investing, and trading information is delivered to readers in an accessible and understandable way. Retirees can now focus on enjoying retirement—rather than affording it.

A necessary plan for a secure and comfortable retirement. Everybody wants to retire with personal and

Retirement. "I wrote this book for you," Suze says. "The worried, the fearful, the anxious. I know you need help navigating the road ahead. I've helped steer people toward happy and secure retirements my whole life, and that's exactly what I want to do for you."

"With How to Make Your Money Last, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets--from your Social Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse

Download Ebook The Complete Guide To

mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and--critically--how much to withdraw from your savings each year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"--
