BACK COVER OF BOOK Learn to heal yourself and others. Are You a Healer? Everyone has the ability to heal but most people do not pay attention to this wondrous skill. To heal with energy is to believe the spiritual truism that energy comes first and all else stems from it. Most people believe in the world that they see with their eyes but not the internal world that they feel with their hearts and spirit. It is your energy that creates who you are and what happens to you. Who can be a healer? Everyone is a healer. All of us are Light Beings. Each one of us holds the magical key of reaching the healer within, the part of you that is whole and

always in touch with the oneness of the universe, which is what we call your Higher Self. Healing is the art of bringing a person's energy back to a true balance. We all have the ability to heal ourselves, and others. Energetic Healing introduces you to the skills of being able to diagnose to heal; to understand the nature of Karma and Free Will; to heal without taking on the other person's pain, energy or problem; and to heal from a place of neutral cosmic love. Healing is a very powerful skill. It is the type of skill you will get to practice more than any other skill since people seem always to be encountering one healing problem or another in life! You do not have to become a professional Healer or a full time healer to practice the art of healing. There is always some type of healing to be done. Sometimes it is a healing of a physical problem but it can also be a healing of an emotional, mental or spiritual nature too. What the Healer learns from Healing: Healing is the ability to change or shift energy. If you can shift your own energy or someone else's to heal yourself of a physical problem you can also shift your energy to "heal" yourself of an emotional, mental, financial or spiritual problem too. Many people study Energetic Medicine, and go on in life to use these skills to improve their financial situation, to create better relationships with spouses and family members, to change outmoded, rigid or stuck ways of thinking, to clear old emotional patterns and feelings and to release physical pain and trauma in their bodies. Energetic Medicine is the art of moving energy. Once you understand that "energy" comes first and is the cause of all of your experiences you can use your skills to move the energy and learn to create your own reality. The author, Levanah Shell Bdolak, has taught this form of energy healing for thirty years, In this book she gives you step by step instructions to practice energetic healing as if you are attending a class in person.

Find your power, transform your obstacles, surrender to success Aleta St. James has spent the past twenty-five years as an emotional healer and life coach developing a system for creating deep and dramatic life changes with lasting results. In Life Shift, she shares the secret of how to bring enormous success and deep satisfaction into your life. In an effort to fully compete in a man's world, contemporary women have become alpha females. We rely on masculine traits -- the testosterone energies of action, focus, determination, and self-reliance -- to create success and achieve our goals. We are now coming to realize that while we have mastered these means for pursuing our dreams, we have neglected the equally valuable and complementary energies of magnetism, receptivity, and intuition -- the Magnetic Female. In Life Shift, Aleta presents her techniques for breaking through our emotional blocks and allowing our Magnetic Female and alpha energies to interact and harmonize with each other. She teaches skills that open the doors to a powerful cocreative relationship between these two forces within us and guides us to use these tools to identify our desires, engage our dreams, and realize our destinies. Using her renowned system, which integrates the teachings of primal therapy, Tibetan Buddhism, Hinduism, bioenergetics, and other life-enhancing practices and philosophies, Aleta shares with us all of the tools necessary to live our ideal lives. This Life-Shift Tool Kit incorporates techniques for realigning the physical, emotional, mental, and spiritual bodies, inviting rather than pursuing success, recognizing the power of

release, eliminating emotional blocks, and reorganizing energy centers within the body. Aleta also offers her expert techniques in regenerative organic breathing, physical and emotional release work, color healing, light therapy, focused reflections, power mantras, prayers and blessings, love baths, and support circles. Weaving together Aleta's own dramatic story of inspiration, success stories from her elite clientele, and lessons from her journeys to spiritual "power spots," Life Shift teaches you how to transform feelings of failure, frustration, doubt, and loneliness into a creative power that becomes a magnetic force attracting joy, fulfillment, success, and love.

Decolonizing Wealth is a provocative analysis of the dysfunctional colonial dynamics at play in philanthropy and finance. Award-winning philanthropy executive Edgar Villanueva draws from the traditions from the Native way to prescribe the medicine for restoring balance and healing our divides. Though it seems counterintuitive, the philanthropic industry has evolved to mirror colonial structures and reproduces hierarchy, ultimately doing more harm than good. After 14 years in philanthropy, Edgar Villanueva has seen past the field's glamorous, altruistic façade, and into its shadows: the old boy networks, the savior complexes, and the internalized oppression among the "house slaves," and those select few people of color who gain access. All these funders reflect and perpetuate the same underlying dynamics that divide Us from Them and the haves from have-nots. In equal measure, he denounces the reproduction of systems of oppression while also advocating for an orientation towards justice to open the floodgates for a rising tide that lifts all boats. In the third and final section, Villanueva offers radical provocations to funders and outlines his Seven Steps for Healing. With great compassion, because the Native way is to

Villanueva is able to both diagnose the fatal flaws in philanthropy and provide thoughtful solutions to these systemic imbalances. *Decolonizing Wealth* is a timely and critical book that preaches for mutually assured liberation in which we are all inter-connected.

Honor life's milestones and bring sacredness into everyday life. *The Book of Blessings and Rituals* shows you how to create ceremony and meaning around the most important events in your life. Drawing from different world traditions, leading metaphysical teacher Athena Perrakis presents blessings to cover a wide array of occasions and intentions, including holidays and sacred days, love, healing, protection, prosperity and success, lunar blessings and rituals, and manifestation. Organized by month, you'll be able to celebrate the sacred all year long. DIY projects and rituals will help you perform each blessing. You'll learn how to construct medicine bundles and altars, which crystals to use to amplify the rituals or clear energy, and how to smudge for clearing and protection.
