~~The Gathering (Darkness Rising, #1) by Kelley Armstrong~~

'The Gathering' is set in the same world as Kelley Armstrong's previous young adult trilogy 'The Darkest Powers', but both books share only the ideas, not the characters. At least in this volume. I may not fall into the target audience, being several decades too old, but I still can unleash my inner teenager and can thoroughly enjoy a well-written, urban fantasy novel aimed at this age bracket.

The Gathering starts this trilogy out rather slow. I think that is just Kelley Armstrong ’ s style. I have to admit I am a long time fan having read about 14 of her books. Her adult Women of the Otherworld series is one of my favorite urban fantasy series. So she does take awhile to rev things up. I thought The Gathering was going to be different.

On the heels of the wildly popular "The Darkest Powers" series comes the first in another supernatural YA trilogy from New York Times bestselling author Kelley Armstrong. Maya lives in a small medical-research town on Vancouver Island. How small? You can't find it on the map. It has less than two-hundred people, and her school has only sixty-eight students — for every grade from kindergarten to twelve. Now, strange things are happening in this claustrophobic town, and Maya's determined to get to the bottom of them. First, the captain of the swim team drowns mysteriously in the middle of a calm lake. A year later, mountain lions start appearing around Maya's home, and they won't go away. Her best friend, Daniel, starts getting negative vibes from certain people and things. It doesn't help that the new bad boy in town, Rafe, has a dangerous secret — and he's interested in one special part of Maya's anatomy: Her paw-print birthmark.

On the heels of the wildly popular The Gathering comes the second in the "Darkness Rising" YA trilogy from NYT bestselling author Kelley Armstrong. Maya Delaney's paw-print birthmark is the mark of what she truly is--a skin-walker. She can run faster, climb higher, and see better than nearly everyone else. Experiencing intense connections with the animals that roam the woods outside her home, Maya knows it's only a matter of time before she's able to Shift and become one of them. And she believes there may be others in her small town with surprising talents. Now, Maya and her friends have been forced to flee from their homes during a forest fire they suspect was deliberately set. Then they're kidnapped, and after a chilling helicopter crash, they find themselves in the Vancouver Island wilderness with nothing but their extraordinary abilities to help them get back home.

The Calling The Rising Cainsville Omens Visions Deceptions Betrayals Rituals

My name is Chloe Saunders and my life will never be the same again. All I wanted was to make friends, meet boys, and keep on being ordinary. I don't even know what that means anymore. It all started on the day that I saw my first ghost—and the ghost saw me. Now there are ghosts everywhere and they won't leave me alone. To top it all off, I somehow got myself locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. Don't tell anyone, but I think there might be more to my housemates than meets the eye. The question is, whose side are they on? It's up to me to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt me.

Book II in the Darkest Powers trilogy takes us deeper into a world where the supernatural intrudes on the everyday with riveting effect. If you had met me a few weeks ago, you probably would have described me as an average teenage girl — someone normal. Now my life has changed forever and I ' m as far away from normal as it gets. A living science experiment — not only can I see ghosts, but I was genetically altered by a group of people who call themselves The Edison Group. What does that mean? For starters, I ' m a teenage necromancer whose powers are out of control: I raise the dead without even trying. Trust me, that is not a power you want to have. Ever. I ' m running for my life with three of my supernatural friends — a charming sorcerer, a cynical werewolf, and a disgruntled witch — and we have to find someone who can help us gain our freedom back before The Edison Group finds us first. Or die trying.

Kelley Armstrong's New York Times bestselling Darkest Powers trilogy is collected here for the first time! The Summoning: Chloe is locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. There is definitely more to Chloe's housemates than

meets the eye. The question is, whose side are they on? It's up to her to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt her. **The Awakening:** Chloe Saunders is a living science experiment--not only can she see ghosts, but she was genetically altered by a sinister organization called the Edison Group. She's a teenage necromancer whose powers are out of control, which means she can raise the dead without even trying. Now Chloe's running for her life with three of her supernatural friends--a charming sorcerer, a cynical werewolf, and a disgruntled witch--and they have to find someone who can help them before the Edison Group catches them. **The Reckoning:** Chloe Saunders's life is not what you would call normal. First of all, she can't figure out how she feels about a certain antisocial werewolf or his charming brother--who just happens to be a sorcerer. Then there's the fact that she's running for her life from an evil corporation that's trying to kill her and her supernatural friends. And finally, she's a genetically altered necromancer who can raise the dead, rotting corpses and all, without even trying. But Chloe has a plan. And the end is very near.

Only two weeks ago, life was all too predictable. But that was before I saw my first ghost. Now along with my supernatural friends Tori, Derek, and Simon, I'm on the run from the Edison Group, which genetically altered us as part of their sinister experiment. We're hiding in a safe house that might not be as safe as it seems. We'll be gone soon anyway, back to rescue those we'd left behind and take out the Edison Group . . . or so we hope.
