SIGNIFICANT OF ISO FOR MERCHANTS ON GeM
The gem merchant runs the Ardougne Gem Stall in East Ardougne. He sells sapphires, emeralds, rubies, and diamonds. His stall's default stock is 0. It changes when players buy and sell from his stall. It is possible to turn a profit by buying his gems and re-selling them on the Grand Exchange. However, since players rarely sell their gems to him, it is highly unlikely you will make a large profit.

The Gem merchant sells gems at the Gem Store in the Monkey colony in the Kharidian Desert. He wears a blue fez which is unobtainable by players. He sells emerald, sapphire, ruby and diamond gems for very low prices, although there are no rubies or diamonds in stock.

Mark Branson has achieved what every gem dealer dreams of. He is on the scene at the time and place of a major gem strike. In this case, the place is Zambia just as a major cache of emeralds has been unearthed. Branson, the gem buyer for a small London firm, manages to purchase a king's ransom in rough emerald crystals, but to hold on to them and get them out of the country, Branson must navigate his way through a series of obstacles including greedy politicians, sadistic military men and a grasping Indian gem dealer .

"See what Gems & Gemology - The Magazine of the Gemological Institute of America - has to say about The Gem Merchant" Every retail jeweler, manufacturer, and gemologist should read this book" What is the "REAL" price?" How could I get a break on the price of that stone?" Is the gem with more green or more yellow in it worth more?" Is that gem merchant treating me fairly?" How can a jeweler sell more high-profit colored stone jewelry and tie up less capital?These are some of the questions answered and some of the secrets revealed by this famous gem merchant/cutter and author. If you have asked questions like these and found evasiveness or silence as your reply, you should read this book.This book is not just a "must for gem merchants, gemologists and appraisers; it is a book particularly for the jeweler who want to make more money with colored stones, and for gem lovers in general. What people in the trade say about this book: "This is unquestionably the best book on "How to Buy and Sell Gems". Although David has been my long time buying agent for Brazilian stones this book helped me make even more money from the gem business."--Richard Wise, G.G., jeweler and author of "Secrets of the Gem Trade" "I wouldn't have known how to locate or even define my market without this book and Mr. Epstein's help. I entered the business with no friends or relatives in the trade. There was no one to help."--Gerard Walsh, F.G.A.A., Sydney, Australia "Whether you are a jeweler, experienced gem merchant or a beginner, this book shows you how to avoid serious pitfalls and how to be successful buying and sell-ing gems."--Bryan Pawlik, Ambassador to Australfrom the International Colored Stone Association "I had taken a gemological course in Antwerp but knew nothing about how gems were bought and sold. There is no doubt that David Epstein and his book "The Gem Merchant" made the difference."--Marco Minafra, Catania, Italy "When I started as a gem merchant I had success, but not enough to do it full time. After David let me in on the secrets revealed in this book my business got to the point where it is a successful full time business." --Joe DeCristoforo, New York, USA "We are an AGS, IJO store. Since my father started the store in 1929, we have always placed much emphasis on colored gems. David Epstein and his book "The Gem Merchant" have helped our colored stone sales and profit.--Louis Castiglione, Ph.D., G.G.A., Castaglione Jewelers,Gloversville, New York, USAWhat trade magazines say about this book: "For those interested in learning more about what it takes to deal in gems."--National Jeweler "This book should be carefully read and digested, by those involved in buying and selling gemstones, for advice offered covers the broad spectra of buying and mar-keting strategies for gemstones and gem rough, survival tips on entering the gem-stone manufacturing industry, and a range of general information that could be successfully applied to trading in gemstones. Importantly, the advice offered is sensible, practical, honest, and straightforward."-Australian Gemmologist "David Epstein is eminently qualified to write this book." -Alice Keller, Editor-in-Chief, Gems and Gemology "This is a delightful account of the difficulties to be borne in mind when setting up (or out) as a peripatetic gem dealer. There is a good deal of common sense."-Gemmological Association & Gem Testing Laboratory of Great Britain

Gemstones: A Thai Love Story presents an essential reference guide to the world of Thai gems, for every level of interest. In four beautifully illustrated sections, the book furnishes buyers with all they need to know about buying gems in Thailand, in an easy-to-read format, set in a context of Thai history and culture. The buyer's guide is designed to cut through the complex process of gem identification and authentication. Each gem is described precisely, highlighting its distinguishing characteristics and variations, as well as its man-made imitators. The guide also acquaints readers with the history and origin of each gem and provides useful tips on how to make a good purchase, and look after the gem subsequent to purchase. An introduction to the Thai gem manufacturing process and key markets gives the layman some insight into the gem industry in Thailand, and the intricacies of gem trading, equipping the reader with the knowledge he requires when he visits one of the most exciting gem markets of the world. Finally, a concise glossary gives understanding of the technical terms used within the book.

Sri Lanka has suffered from decades of ethnic strife which has left in its wake a failure of governing arrangements, skewed distribution of economic benefits, and an exploitation of cultural traditions to divide people. Hence, argue the contributors to this volume, the time is now ripe for the people of Sri Lanka to consciously take up the task of building a new society. At the same time, there is no readymade model that can be applied to Sri Lanka. Instead, this volume explores three elements which are crucial to the process of social reconstruction: a realistic analysis of novel problems, a search for guiding principles and a testing of procedures. In this framework, the essays in the first two parts of the volume discuss a wide variety of broad issues including the failure of Sri Lanka to create an inclusive nation-state, and the mutual exclusiveness of the two major communities exacerbated by their internal divisions. The chapters in the subsequent sections present detailed case studies which illumine the potential for creating both a better society and a better life.

This is the story of one man's endeavor to discover precious gems and to lead a life filled with loyal friends and extraordinary adventures. He finds it all in the Hindu Kush region of Afghanistan but not without risking his life. In this book Gary W. Bowersox spins his tales of thirty two years of discovery both introspective and worldwide. Along the way he encounters danger and intrigue as he builds lasting friendships. He has traded gems and stories with Afghan miners, ethnic peoples, freedom fighters, government officials, scientist, and on a few occasions, international spies.

This edited collection is an interdisciplinary study of gems in the early modern world. It examines the relations between the art, science, and technology of gems, and it does so against the backdrop of an expanding global trade in gems. The eleven chapters are organised into three parts. The first part sets the scene by describing how gems moved around the early modern world, how they were set in motion, and how they were pulled together in the course of their travels. The second part is about value. It asks why people valued gems, how they determined the value of a given gem, and how the value of a gem was connected to its perceived place of origin. The third part deals with the skills involved in cutting, polishing, and mounting gems, and how these skills were transmitted and articulated by artisans. The common themes of all these chapters are materials, knowledge and global trade. The contributors to this volume focus on the material properties of gems such as their weight and hardness, on the knowledge involved in exchanging them and valuing them, and on the cultural consequences of the expanding trade in gems in Eurasia and the Americas.
