Interview Experts

Job interview tips: expert advice for graduates. We asked a panel of career advisers how graduates can ensure they shine during job interviews and convince recruiters they're the one for them.

Offers advice on giving a job interview that will land you the job you want, including knowing what the company wants, knowing how to handle nervousness, and how to make a presentation.

Written by the UK's most well-respected expert, this is THE definitive guide to job interviews, covering absolutely everything you'll ever need to know about the whole process – from planning and preparing to delivering a winning performance - in one, easy to- read and easy-to-access guide to success. For over 25 years, author John Lees has been at the forefront of careers advice and has spent all of his career training recruiters, interviewers, HR professionals and interviewees. He knows exactly what makes a great interview and offers his vast insider knowledge here.

The UK's bestselling guide to successful interviews is back, with a new edition updated with expanded content on planning for interviews and tailoring your interview to a specific role. This is the definitive, bestselling guide to planning, preparing and performing in interviews to maximise your chances of landing the job you want. The guidance in this book has been tried, tested and honed to perfection. The unique content includes a chapter on avoiding the most common interview mistakes, and important information on how to handle and benefit from the post-interview period. Written by the CEO of the UK's leading CV consultancy service, James Innes, the book is supported by exclusive online tools and bonus content including sample interview questions, templates and best-practice scenarios.

At some point, most people have been caught off guard by tough interview questions. This book helps readers take charge of the situation! In *Acing the Interview*, the employment expert Dr. Phil called "the best of the best" gives job seekers candid advice for answering even the most unexpected questions, including: * You really don't have as much experience as we would like -- why should we hire you? * How many hours in your previous jobs did you have to work each week to get everything done? * What do you consider most valuable -- a high salary, job recognition, or advancement? The book also arms readers with questions to ask prospective employers that could prevent their making a big job mistake: * What would you say are the worst parts of this job? * What are the major problems facing the company and this department? * Why aren't you promoting from within? Taking readers through the entire process, from the initial interview to evaluating a job offer, and even into salary negotiation, *Acing the Interview* is a no-nonsense, take-no-prisoners guide to interview success.

Providing good answers to interview questions is central to acing the interview and getting the job offer. But what exactly are "good" answers? What do interviewers look for when they question applicants? How can candidates best formulate compelling answers that motivate employers to hire them? Addressing these and many other questions about the interview process, this unique book examines 202 of the most common and difficult interview questions asked of candidates. A virtual interview toolkit, this easy-to-use book thoroughly analyzes each question and then offers sample answers along with useful checklists of do's and don'ts. Users learn what type of answers interviewers are really looking for when they ask a particular question. Each question is followed by a mini quiz to help readers better understand why some answers are better than others.

Expert interviews are today a standard method of qualitative approach in the social sciences. It is surprising that methodological reflections about the expert interview are still lacking. This book gives a comprehensive overview of their theory and practice. The contributors are experienced theorists and practitioners of expert interviews.

This book provides the first English language account of the interview method known as the PCI. Offering a way of collecting knowledge by means of involving people actively in the research process, the interviewer takes the role of a well-informed traveller. With careful preparation and planning, the interviewer sets out with priorities and expectations, but the story the interviewer tells about his journey depends on the people encountered along the road. Novice and experienced interview researchers across the social, educational and health sciences will

find this an invaluable guide to conducting interviews. Andreas Witzel is senior researcher (retired) at the University of Bremen and former director of the Bremen Archive for Life Course Research. Herwig Reiter is senior researcher in the Department of Social Monitoring and Methodology of the German Youth Institute in Munich.

Take the fear out of your interview and never be stuck for the right answer to even the toughest questions with The Interview Question and Answer Book. The job market is fierce, competition has never been greater and it's vital that you can grab every opportunity for competitive advantage and stay one step ahead. Interviewers are looking for people who really stand out, and here's your chance to be different from the rest. Written by one of the UK's leading careers experts and bestselling author of The Interview Book, this definitive guide to questions and answers encourages every job-hunter to think on your feet and express your individuality whilst supplying ideal responses to interview questions so that you're seen as the ideal candidate for the job.
