In this villainous one-hundred-page companion novella to the #1 New York Times bestselling I Am Number Four series, get an unprecedented look at the invasion—from three different Mogadorians hoping to conquer Earth. This novella picks up immediately after the cliffhanger ending of The Fate of Ten and coincides with the events of United as One, the final book in this epic series. After the Mogadorian leader is struck with a potentially fatal blow, it becomes uncertain who will step in for him and how the Moggs should proceed with their invasion of the planet. This power vacuum has wide-reaching ramifications. One Mog, who has been on a quest for redemption ever since the first let the Garde slip through her fingers, is given an unimaginable opportunity to make things right with the Beloved Leader. Another, who has an unquenchable thirst for blood, jumps at the opportunity to hunt down the human teens who have begun to develop Legacies. And the last Mog, who has been questioning everything since he crossed paths with Adam, is forced to decide once and for all where his allegiances lie. While the fate of the Mogadorian leader is unknown, the one thing that is for certain is that this war is coming to an end ... and there can only be one side that wins.

" Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times. " —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers " One of the most mesmerizing and important books I ' ve read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity. " —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, Drunk Tank Pink, And Other Unexpected Forces that Shape How We Think, Feel, and Behave is available in paperback from Penguin.
