Middle East Quarterly ~~Fall 2008. <https://www.meforum.org/2031/the-siege-of-mecca>. Trofimov, a foreign correspondent for the Wall Street Journal, meticulously reconstructs the events surrounding the 1979 seizure of the Grand Mosque in Mecca in a book that reads like a nonfiction thriller. The book presents the attack as "the first jihad operation of modern times" and postulates that "Saudi reaction to the uprising in Mecca set in motion the forces that produced the attacks of 9/11."~~

Review of The Siege of Mecca: The Forgotten Uprising in ...

This is a remarkable story of the 1979 seige of the grand mosque in Mecca. I do not remember news coverage of this seige perhaps because it was overshadowed by the US Embassy hostages in Tehran. The author has done a great job peeling back the layers of secrecy and obfuscation which have kept this significant event under wraps.

The Siege of Mecca: The Forgotten Uprising in Islam's ...

The Grand Mosque seizure occurred during November and December 1979 when armed civilians calling for the overthrow of the House of Saud took over Masjid al-Haram in Mecca, Saudi Arabia. The insurgents, led by Juhayman al-Otaybi, declared that the Mahdi had arrived in the form of one of their leaders, Mohammed Abdullah al-Qahtani, and called on Muslims to obey him. For nearly two weeks, Saudi Special Forces, advised by three GIGN French commandos and other commandos fought battles to reclaim the

Grand Mosque seizure - Wikipedia

With nearly 100,000 worshippers trapped inside the holy compound, Mecca ' s bloody siege lasted two weeks, inflaming Muslim rage against the United States and causing hundreds of deaths. Despite U.S. assistance, the Saudi royal family proved haplessly incapable of dislodging the occupier, whose ranks included American converts to Islam.

In *The Siege of Mecca*, acclaimed journalist Yaroslav Trofimov pulls back the curtain on a thrilling, pivotal, and overlooked episode of modern history, examining its repercussions on the Middle East and the world. On November 20, 1979, worldwide attention was focused on Tehran, where the Iranian hostage crisis was entering its third week. That same morning, gunmen stunned the world by seizing the Grand Mosque in Mecca, creating a siege that trapped 100,000 people and lasted two weeks, inflaming Muslim rage against the United States and causing hundreds of deaths. But in the days before CNN and Al Jazeera, the press barely took notice. Trofimov interviews for the first time scores of direct participants in the siege, and draws upon hundreds of newly declassified documents. With the pacing, detail, and suspense of a real-life thriller, *The Siege of Mecca* reveals the long-lasting aftereffects of the uprising and its influence on the world today.

The Siege of Mecca is an astonishing work of reportage; a gripping account of one of the most dramatic events of the twentieth century. And, until now, one of the most shrouded in secrecy. On the morning of 20th November 1979, the first of a new Muslim century, with world attention focused on Tehran as the hostage crisis entered a third week, hundreds of gunmen, from more than a dozen countries, armed with rifles smuggled inside coffins stormed the Grand Mosque in Mecca. These men were defiling Islam's holiest shrine believing the Saudi royal family had become corrupt, and sought a return to the glory of uncompromising Islam. With nearly 100,000 worshippers trapped inside the holy compound, Mecca's bloody siege lasted two weeks, causing hundreds of deaths and inflaming Muslim rage around the world. This dramatic story was barely covered in the international media in pre-CNN, pre-al-Jazeera days, as Saudi Arabia imposed an information blackout and kept foreign correspondents away.

On November 20, 1979, the first morning of a new Muslim century, hundreds of gunmen stunned the world by seizing Islam's holiest shrine, the Grand Mosque in Mecca. These men came from more than a dozen countries, launching the first operation of global jihad in modern times. They believed that the Saudi royal family had become a craven servant of American infidels, and sought a return to the glory of uncompromising Islam. With nearly 100,000 worshippers trapped inside the holy compound, the bloody siege lasted two weeks, inflaming Muslim rage against the U.S. and causing hundreds of deaths. The desperate Saudis finally enlisted the help of French commandos, who prepared the final assault. The Saudi royal family ultimately compromised with the rebels' supporters, helping to set free the forces that produced the attacks of 9/11 and the harrowing circumstances that surround us today.--From publisher description.

An eye-opening political travelogue that reveals the Muslim world as never before Drawing on reporting from more than a dozen Islamic countries, *Faith at War* offers an unforgettable portrait of the Muslim world after September 11. Choosing to invert the question of what "they" have done to "us," Wall Street Journal reporter Yaroslav Trofimov examines the unprecedented American intrusion in the Muslim heartland and the ripples it has caused far beyond the battlefields of Afghanistan and Iraq. What emerges is a penetrating portrait of people, faith, and countries better known in caricature than reported detail. The ordinary Muslims, influential clerics, warlords, jihadis, intellectuals and heads of state we meet are engaged in conversations that reveal the Muslim world to us from a new, unexpected perspective. In Mali, one of the most successful democracies in Africa, we encounter Ousmane Madani Haidara, an influential cleric who sees Wahhabi extremists, rather than his country's secular government, as the real enemy of the true faith. In Saudi Arabia, we explore the bizarre world of exporting dead bodies from a kingdom that bars the burial of non-Muslims. On a US Navy aircraft carrier floating just off the coast of Pakistan in October 2001, we witness the mechanics of war: the onboard assembly of bombs that, hours later, are seen on T.V. exploding in Kabul. And in Iraq, we accompany Trofimov as he negotiates his escape from an insurgent mob, rides in a Humvee with trigger-happy GIs, and gets lectured by a Shiite holy man on why America is the foe of mankind. Whether exploring the badlands of the Sahara or a snow-covered village of Bosnian mujahedeen, *Faith at War* helps us understand the hidden relationships and often surprising connections, so crucial to America's future, that link the Islamic world to our own.

A New York Times bestseller! "Lively and absorbing. . ." — The New York Times Book Review "Engrossing." —Wall Street Journal "Entertaining and well-researched . . ." —Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as *Forget the Alamo* definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. *Forget the Alamo* provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-

spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

A thrilling account of the brutal decades-long battle between Christendom and Islam for the soul of Europe. This struggle's brutal climax came between 1565 and 1571, seven years that witnessed a fight to the finish decided in a series of bloody set pieces: the epic siege of Malta, in which a tiny band of Christian defenders defied the might of the Ottoman army; the savage battle for Cyprus; and the apocalyptic last-ditch defense of southern Europe at Lepanto--one of the single most shocking days in world history. At the close of this cataclysmic naval encounter, the carnage was so great that the victors could barely sail away because of the countless corpses floating in the sea. Lepanto fixed the frontiers of the Mediterranean world that we know today.

"Islam has been one of the most powerful religious, social, and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France, to East Africa to South East Asia. Yet many of the contributions of Muslim thinkers, scientists, and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonisation of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies, and states, all interwoven into one narrative that begins with Muhammad and continues to this day."--P. [4] of cover.

In a narrative that is at once thoughtful and passionate, an award-winning historian reveals the history of peaceful coexistence between Muslims, Christians, and Jews over the course of fourteen centuries until the present day. The harsh reality of religious conflict is daily news, and the rising tensions between the West and Islam show no signs of abating. However, the relationship between Muslims, Christians, and Jews has not always been marked with animosity; there is also a deep and nuanced history of peace. From the court of caliphs in ancient Baghdad, where scholars engaged in spirited debate, to present-day Dubai, where members of each faith work side by side, Karabell traces the forgotten legacy of tolerance and cooperation these three monotheistic religions have enjoyed—a legacy that will be vital in any attempt to find common ground and reestablish peace.

Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith. Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims. Holy places thus create the potential for military, theological, or political clashes, not only between competing religious groups but also between religious groups and secular actors. In *War on Sacred Grounds*, Ron E. Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested; he also proposes potential means for managing these disputes. Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount/Haram el-Sharif, leading to the clashes of 2000, and the competing claims of Hindus and Muslims at Ayodhya, which resulted in the destruction of the mosque there in 1992. He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979. Sacred sites, he contends, are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided. The management of conflicts over sacred sites requires cooperation, Hassner suggests, between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers. Because a reconfiguration of sacred space requires a confluence of political will, religious authority, and a window of opportunity, it is relatively rare. Drawing on the study of religion and the study of politics in equal measure, Hassner's account offers insight into the often-violent dynamics that come into play at the places where religion and politics collide.

A narrative history of the origins of the Shia and Sunni conflict describes how a seventh-century struggle between the supporters of the late Muhammad's surviving family members erupted in a massacre at Karbala that would become a central component of Shia Islam.
