Free Essays on Human Trafficking - The Slave Across the Street

The Slave Across the Street. When people in the US think of sex slavery and sex trafficking, the first image is likely to be of a young woman in another country, perhaps in Eastern Europe or Southeast Asia. Even people who are aware of trafficking in the US are most likely to picture a sex trafficking victim as someone who matches the traditional signs of being "at risk": a runaway, someone who was abused at home, or someone from an impoverished background.

The Human Trafficking Project: The Slave Across the Street

The Slave Across the Street. Profoundly disturbing and so important for us all to know how easily these predators can seize control. Sarah Rose Gallagher , 09/21/2014.

*** Wall Street Journal and USA Today best seller! *** While more and more people each day become aware of the dangerous world of human trafficking, most people in the U.S. still

believe this is something that happens to foreign women, men, and children--not something that happens to their own. In this powerful true story, Theresa L. Flores shares how her life as an All-American, blonde-haired 15-year-old teenager who could have been your neighbor was enslaved into the dangerous world of sex trafficking while living in an upper-middle class suburb of Detroit. Her story peels the cover off of this horrific criminal activity and gives dedicated activists as well as casual bystanders a glimpse into the underbelly of trafficking. And it all happened while living at home without her parents ever knowing about it. Involuntarily involved in a large underground criminal ring, Ms. Flores endured more as a child than most adults will ever face their entire lives. In this book, Ms. Flores discusses how she healed the wounds of sexual servitude and offers advice to parents and professionals on preventing this from occurring again, educating and presenting significant facts on human trafficking in modern day America.

BIOGRAPHY & AUTOBIOGRAPHY: GENERAL. Theresa was just 15 when her life collapsed. Raised as an Irish Catholic in a middle-class family, Theresa was under strict instructions to not get involved with boys. One day the boy she had a crush offered to drive her home from school. And despite the red flags that went off in her head, Theresa said yes. What happened next changed everything. The boy was part of a large criminal sex ring that went on to traffic Theresa out of her own house for two long years, unbeknown to her parents. Theresa would go to school alongside these boys in the day, and be called in to service at night. Heart-rending, shocking and totally gripping *The Slave Across the Street* is the incredible story of how the girl next door was lured into the sinister world of sexual slavery - and how she eventually escaped and rebuilt her life.

While more and more people each day become aware of the dangerous world of human trafficking, many people in the U.S. believe this is something that happens to foreign women men and children not something that happens to their own children and neighbors. They couldn't be more wrong. In this powerful true story. Theresa Flores shares how her life as an All American, 15-years-old teenager was enslaved into the dangerous world of sex trafficking-all while living at home with unsuspecting parents in an upper-middle class suburb of Detroit. Her story peels the cover off of this horrific criminal activity and gives dedicated activists as well as casual bystanders a glimpse into the underbelly of human trafficking.

Human trafficking generates \$31 billion annually and enslaves 27 million people around the globe, half of them children under the age of eighteen. Award-winning journalist David Batstone, whom Bono calls "a heroic character," profiles the new generation o

Instant #1 New York Times bestseller. "The Atlantic writer drafts a history of slavery in this country unlike anything you 've read before " (Entertainment Weekly). Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation ' s collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation – turned – maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country ' s most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith ' s debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

In a rapidly changing New York, two forces battled for the city's soul: the pro-slavery New Yorkers who kept the illegal slave trade alive and well, and the abolitionists fighting for freedom. We often think of slavery as a southern phenomenon, far removed from the booming cities of the North. But even though slavery had been outlawed in Gotham by the 1830s, Black New Yorkers were not safe. Not only was the city built on the backs of slaves; it was essential in keeping slavery and the slave trade alive. In *The Kidnapping Club*, historian Jonathan Daniel Wells tells the story of the powerful network of judges, lawyers, and police officers who circumvented anti-slavery laws by sanctioning the kidnapping of free and fugitive African Americans. Nicknamed "The New York Kidnapping Club," the group had the tacit support of institutions from Wall Street to Tammany Hall whose wealth depended on the Southern slave and cotton trade. But a small cohort of abolitionists, including Black journalist David Ruggles, organized tirelessly for the rights of Black New Yorkers, often risking their lives in the process. Taking readers into the bustling streets and ports of America's great Northern metropolis, *The Kidnapping Club* is a dramatic account of the ties between slavery and capitalism, the deeply corrupt roots of policing, and the strength of Black activism.

To be a moral witness is perhaps the highest calling of journalism, and in this unforgettable, highly readable account of contemporary slavery, author Benjamin Skinner travels around the globe to personally tell stories that need to be told -- and heard. As Samantha Power and Philip Gourevitch did for genocide, Skinner has now done for modern-day slavery. With years of reporting in such places as Haiti, Sudan, India, Eastern Europe, The Netherlands, and, yes, even suburban America, he has produced a vivid testament and moving reportage on one of the great evils of our time. There are more slaves in the world today than at any time in history. After spending four years visiting a dozen countries where slavery flourishes, Skinner tells the story, in gripping narrative style, of individuals who live in slavery, those who have escaped from bondage, those who own or traffic in slaves, and the mixed political motives of those who seek to combat the crime. Skinner infiltrates trafficking networks and slave sales on five continents, exposing a modern flesh trade never before portrayed in such proximity. From mega-harems in Dubai to illicit brothels in Bucharest, from slave quarries in India to child markets in Haiti, he explores the underside of a world we scarcely recognize as our own and lays bare a parallel universe where human beings are bought, sold, used, and discarded. He travels from the White House to war zones and immerses us in the political and flesh-and-

blood battles on the front lines of the unheralded new abolitionist movement. At the heart of the story are the slaves themselves. Their stories are heartbreaking but, in the midst of tragedy, readers discover a quiet dignity that leads some slaves to resist and aspire to freedom. Despite being abandoned by the international community, despite suffering a crime so monstrous as to strip their awareness of their own humanity, somehow, some enslaved men regain their dignity, some enslaved women learn to trust men, and some enslaved children manage to be kids. Skinner bears witness for them, and for the millions who are held in the shadows. In so doing, he has written one of the most morally courageous books of our time, one that will long linger in the conscience of all who encounter it, and one that -- just perhaps -- may move the world to constructive action.

Traces the history of the Atlantic slave trade by recounting a journey the author took along a slave route in Ghana, vividly dramatizing the effects of slavery on three centuries of African and African-American history.

Valerie Martin ' s Property delivers an eerily mesmerizing inquiry into slavery ' s venomous effects on the owner and the owned. The year is 1828, the setting a Louisiana sugar plantation where Manon Gaudet, pretty, bitterly intelligent, and monstrously self-absorbed, seethes under the dominion of her boorish husband. In particular his relationship with her slave Sarah, who is both his victim and his mistress. Exploring the permutations of Manon ' s own obsession with Sarah against the backdrop of an impending slave rebellion, Property unfolds with the speed and menace of heat lightning, casting a startling light from the past upon the assumptions we still make about the powerful and powerful.

A startling and superbly researched book demythologizing the North ' s role in American slavery “ The hardest question is what to do when human rights give way to profits. . . . Complicity is a story of the skeletons that remain in this nation ' s closet. ” —San Francisco Chronicle The North ' s profit from—indeed, dependence on—slavery has mostly been a shameful and well-kept secret . . . until now. Complicity reveals the cruel truth about the lucrative Triangle Trade of molasses, rum, and slaves that linked the North to the West Indies and Africa. It also discloses the reality of Northern empires built on tainted profits—run, in some cases, by abolitionists—and exposes the thousand-acre plantations that existed in towns such as Salem, Connecticut. Here, too, are eye-opening accounts of the individuals who profited directly from slavery far from the Mason-Dixon line. Culled from long-ignored documents and reports—and bolstered by rarely seen photos, publications, maps, and period drawings—Complicity is a fascinating and sobering work that actually does what so many books pretend to do: shed light on America ' s past.
