Account of the author's 'abduction' to another planet by extraterrestrial beings in June of 1987. Includes a foreword by Howard Hencke, author of 'Involution/Evolution and the Development of Consciousness'.

WHY are we Alive? WHY are we Conscious? What is The Purpose of the Universe and our OWN role in it? WHY is it not enough to believe? What happened to advanced civilizations and continents (Mu, Atlantis..) ? Are we also to face a global catastrophe ? WHEN? What? Why? Why NOBODY REMEMBERS what was the purpose of the Great Pyramid a nd how to build it? What happens after death and before we are conceived? WHY? Who said that there is a conflict between Creation and Evolution? Why was invention of a WHEEL a great step backwards for humanity? What are the greatest dangers for Man and humanity on Earth? What can we do? Dream or to Act? Can we change the SYSTEM peacefully? How much truth is in the Bible? What are lessons from history? How did Man appear on Earth? And SO WHAT<sup>????</sup> If you are truly interested to learn the answer to at least one of the above question - you will be absolutely fascinated by this book. Key information and details it contains cannot be found in any other book on Earth. Coherence and precision of information surprises scientists on all continents. This book clarifies practically ALL myths, doctrines and mysteries on Earth and reveals clear logic, beauty and majesty of the Universe, in which EVERYONE OF US has important role to play. There are no theories in this book. No wishful thinking or products of imagination of the author. This is an exact report of the Reality of the Universe. There will be people who will not understand this book at all, even though it is written by a simple man, using a simple language, with examples comprehensible even by kids. There will be also others, who won't even TOUCH this book. Leave them in peace. Maybe they are not yet evolved enough, maybe they don't want to learn how much they don't know. There is no point in encouraging a kindergarten kid to study psychology or physics - a kid is simply not yet ready for it. No matter how much we insist on defending our current beliefs, doctrines and traditions, nothing can change the TRUTH and the order established in the Universe. Rivers will always flow from their sources towards the ocean, even if a religion, sect or billions of people want to believe the opposite.

In 1999 Michel Desmarquet wrote a book based on his life in Equatorial Africa in 1950's. He shows us that Nature always has the last word and his predictions for the future are becoming true two decades later...

This book is about the most important and possibly the most difficult topic imaginable - discovering and proving to an intelligent reader the origin and the purpose of the universe.

Explores evidence for the theory of directed panspermia--that life on Earth and the landscape of Earth itself was engineered by extraterrestrials . Details how the Earth was terraformed through a sophisticated geo-engineering program, providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth . Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional "out of Africa" theory of evolution . Examines the strongest modern UFO accounts, including the Russian Roswell case, as well as the suppressed UFO sightings of NASA astronauts In the early 1970s, Nobel Prize-winning DNA co-discoverer Sir Francis Crick and his colleague Leslie Orgel proposed that in the distant past, an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life. Now, more than 40 years later, the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel's claims about our ancient alien ancestors. Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself, Will Hart refines the theory of directed panspermia--that life was intentionally seeded on Earth by extraterrestrials--to reveal that the same ET agency also created humans and generated civilization. He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far--for example, the major rivers on Earth are precisely aligned through geo-engineering with the Great Pyramid of Giza. Revealing the Great Pyramid as an alien message in stone, the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids' massive stone blocks, methods later rediscovered by Nikola Tesla and the builder of Coral Castle, Edward Leedskalnin. He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional "out of Africa" theory of evolution. Investigisting how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today, the author examines the strongest modern UFO accounts, including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts. He shows that this advanced ET civilization is not an alien race in the way we normally think of "aliens"--they are our ancestors and as human as we are.

An award-winning journalist investigates a story largely ignored by mainstream media but right there, in front of our eyes ... UFOs, UAPs, flying cigars, extraordinary new technologies ... Are we not alone? Award-winning investigative journalist Ross Coulthart has been intrigued by UFOs since mysterious glowing lights were reported near New Zealand's Kaikoura mountains when he was a teenager. The 1978 sighting is just one of thousands since the 1940s, and yet research into UFOs is still seen as the realm of crackpots and conspiracy theorists. In 2020, however, after decades of denial, the US Department of Defence made the astonishing admission that strange aerial and underwater objects frequently reported and videood by pilots and tracked by sensors are real, unexplained, and pose a genuine national security concern. Compelled to investigate, Coulthart has embarked on what's become the most confronting and challenging story of his career, speaking to witnesses, researchers, scientists, spies and defence and intelligence officials and insiders. What he has found suggests that the world is on the cusp of extraordinary technological breakthroughs and cultural revelations. Bizarre, sometimes mind-blowing and utterly fascinating, In Plain Sight tells a story that's largely escaped the radar of mainstream media coverage but has been there all along. Now it's time to observe what's in front of our eyes.

Ashtar Sheran: "Whatever confidential files are being released to the public now, do you believe that these are actually the true files on sensitive subjects like Area 51? If you do, then you have fallen for their ruse again. What they do, they do to control you and to mislead your minds into fulfilling their agenda. There is little truth upon your planet. Your Secret Space Program works in anticipation of future effect as well; they can see into the future, jump timelines and see the effects of their work in the future. Documents released to the public now only continue to back up the false narrative they created 70 years ago. You are naïve if you believe otherwise. Besides that, extraterrestrials don't keep paper documents. Earthlings do."
