After nearly two years of hard-fought sobriety, Salem Grimes thinks she's on the right track to reclaim a 'normal' life, with her husband, Tony, by her side. She is ready to take a break from her amateur sleuth adventures with her octogenarian partner-in-crime-solving friend, Viv, and work on building a family of her own. Until ghosts from her past reappear. A teenage girl has run away and no one has a clue where she could be. But Salem fears she knows what the girl ran from. They share a mutual acquaintance who left deep scars on Salem's heart. Embarking on a road trip to search for the missing girl, Salem faces down a gang of bullying raccoons and her own flaring addictions on her mission to right the wrongs that weigh on her. Will finding the runaway girl allow Salem to heal from the old wounds she carries with her? Or send her spiraling back into self-destructive habits? USA Today and WSJ Bestselling author Kim Hunt Harris delivers her most emotionally intense book to date in the hilarious and heartfelt *The Trailer Park Princess is a Dazzling Dumpster Fire*.

Tony Solis has been accused of murder, and Salem Grimes just might be his last, best hope. But Lord have mercy on anyone who has Salem for their last hope, because that girl is a piping hot mess and always has been. Everyone knows that, including Salem. But Salem is trying. She quit drinking, and she even started praying. Maybe if she can help prove Tony's innocence and find the real killer, it would balance out some of the mistakes she's made in her past -- a past that includes betrayed best friends now bent on vengeance, ex-crushes who were supposed to be old and fat by now, and an ex-husband who might, possibly, be an ex after all. If Salem can catch a break from reaping all the wild seeds she's sown, she might have a chance to redeem herself. Then again, maybe she should just settle for being a piping hot mess...

Kaylee doesn't have much money. To make ends meet, she works as a maid at Millbrook Estate, washing dishes and mopping floors. The curvy girl's determined to make something of herself, but will she be able to escape her trailer park past? Elliot's jaded. He's been through dozens of women, and there always seems to be something missing. The billionaire's got high standards, but maybe high standards are over-rated. Maybe it's time to hit the trailer park for some hot, heavenly filth in the form of a sassy, curvy girl with plenty to share. Rags to riches? Forget that! This story is about riches to rags and the fun two people have when they decide to get dirty together. The billionaire OTT alpha male thinks he's got it all, but Kaylee shows him there are whole new worlds of taboo fun to be had. No cheating, no cliffhangers, and always an HEA for my readers.

Contains an all-new afterword by New York Times best-selling author Larry Correia! Welcome to Monster Hunter International. It turns out that monsters are real. All the things from myth, legend, and B-movies are out there, waiting in the shadows. Officially secret, some of them are evil, and some are just hungry. On the other side are the people who kill monsters for a living. Monster Hunter International is the premier eradication company in the business. And now Owen is their newest recruit. It's actually a pretty sweet gig, except for one little problem. An ancient entity known as the Cursed One has returned to settle a centuries old vendetta. Should the Cursed One succeed, it means the end of the world, and MHI is the only thing standing in his way. Salem Grimes figures even a God who works in mysterious ways wouldn't resort to a dead body in a dumpster in answer to Salem's prayers to help her stay on her diet - excuse me - Strat-EAT-Gic plan. But a dead body in a dumpster it is, and now Salem and Viv, her octogenarian partner-in-crime-solving, are on the case once again. As she seeks peace amidst praying prairie dogs and too much Chinese food, Salem struggles to disentangle what she believes from what she thinks she should believe, and - most frightening of all, the possibility that she might have to figure out for herself just where the truth lies. Oh, and avoid a murderer on the loose, if she can manage it.

Amber Sparks holds her crown in the canon of the weird with this fantastical collection of “ eye-popping range ” (John Domini, Washington Post). Boldly blending fables and myths with apocalyptic technologies, Amber Sparks has built a cultlike following with *And I Do Not Forgive You*. Fueled by feminism in all its colors, her surreal worlds—like Kelly Link ’ s and Karen Russell ’ s—are all-too-real. In “ Mildly Happy, With Moments of Joy, ” a friend is ghosted by a text message; in “ Everyone ’ s a Winner at Meadow Park, ” a teen coming-of-age in a trailer park befriends an actual ghost. Rife with “ sharp wit, and an abiding tenderness ” (Ilana Masad, NPR), these stories shine an interrogating light on the adage that “ history likes to lie about women, ” as the subjects of “ You Won ’ t Believe What Really Happened to the Sabine Women ” will attest. Written in prose that both shimmers and stings, the result is “ nothing short of a raging success, a volume that points to a potentially incandescent literary future ” (Kurt Baumeister, *The Brooklyn Rail*).
