True or false? In selling high-value products or services: 'closing' increases your chance of success; it is essential to describe the benefits of your product or service to the customer; objection handling is an important skill; open questions are more effective than closed questions. Have you ever wondered how it will all end? When the time comes and a shadow falls across our busy earth, where will you be and what will you be doing? When Armageddon interrupts your weekend shopping, and hell freezes over during your dinner party, who will you be with and will you be doing what matters most? This book isn't about the monsters that lurk in the night or a fatal dust cloud, or even what strikes from the skies above. No one knows for sure what has happened, but the masses that some might call the unprepared whisper about many horrors. As countries across the globe start to go dark, join those who are in the middle of their routine lives, as they suddenly find that their individual hopes and dreams mean very little - or do they now mean everything? As our modern world reaches the brink of collapse, experience ten different stories of survival, bold escapes, unspoken love and much more. Each of us get there differently but we all find one inevitable end.

Chris Gore reveals how to get a film accepted and what to do after acceptance, from putting together a press kit to putting on a great party.
