An Extraordinary and Death-Defying Tour of Edwardian Low Life and High Society, accompanied by our host Lucifer Box Esq - artist, dandy, rake ... and lethal secret agent. Lucifer Box is the darling of the Edwardian belle monde - society's most fashionable portrait painter is a wit, a dandy, a rake, the guest all hostesses (and not a few hosts) must have. But few know that Lucifer Box is also His Majesty's most accomplished and daring secret agent. Beneath London's façade of Imperial grandeur and divine aesthetes seethes an underworld of crazed anarchists, murder, and despicable vice, and Box is at home in both. And so of course when Britain's most prominent scientists begin turning up dead, there is only one man his country can turn to. Lucifer Box ruthlessly deduces and seduces his way from his elegant townhouse at Number 9 Downing Street (all his father left him), to private stews of London and the seediest, most colourful back alleys of Italy, in search of the mighty secret society that may hold the fate of the world in its claw-like hands - the Vesuvius Club.

Meet Lucifer Box: Equal parts James Bond and Sherlock Holmes, with a twist of Monty Python and a dash of Austin Powers, Lucifer has a charming countenance and rapier wit that make him the guest all hostesses must have. And most do. But few of his conquests know that Lucifer is also His Majesty's most daring secret agent, at home in both London's Imperial grandeur and in its underworld of despicable vice. So when Britain's most prominent scientists begin turning up dead, there is only one man his country can turn to for help. Following a dinnertime assassination, Lucifer is dispatched to uncover the whereabouts of missing agent Jocelyn Poop. Along the way he will give art lessons, be attacked by a poisonous centipede, bed a few choice specimens, and travel to Italy on business and pleasure. Aided by his henchwoman Delilah; the beautiful, mysterious, and Dutch Miss Bella Pok; his boss, a dwarf who takes meetings in a lavatory; grizzled vulcanologist Emmanuel Quibble; and the impertinent, delicious, right-hand-boy Charlie Jackpot, Lucifer Box deduces and seduces his way from his elegant townhouse at Number 9 Downing Street (somebody has to live there) to the ruined city of Pompeii, to infiltrate a highly dangerous secret society that may hold the fate of the world in its clawlike grip--the Vesuvius Club.

Lucifer Box in the darling of the Edwardian belle monde: portrait painter, wit, dandy and rake - the guest all hostesses must have. And most do. But who is killing Britain's most prominent vulcanologists? And which tie goes best with a white carnation?

Lucifer Box - the gorgeous butterfly of King Bertie's reign, portraitist, dandy and terribly good secret agent - is feeling his age. Assigned to observe the activities of fascist leader Olympus Mons and his fanatical Amber Shirts in a snow-bound 1920s New York, Box finds himself framed for a vicious murder. Using all his native cunning, Box escapes aboard a vessel bound for England armed only with a Broadway midget's suitcase and a string of unanswered questions. What lies hidden in the bleak Norfolk convent of St Bede? What is 'the lamb' that Olympus Mons searches for in his bid for world domination? And what has all this to do with a medieval prayer intended to summon the Devil himself? From the glittering sophistication of Art Deco Manhattan to the eerie Norfolk coast and the snow-capped peaks of Switzerland The Devil in Amber takes us on a thrilling ride that pits Lucifer Box against the most lethal adversary of his career : the Prince of Darkness himself.

Knave. Joker. Queen. Lucifer Box is back! The hero of The Vesuvius Club and The Devil in Amber returns with an artistic licence to kill, and the deadliest mission of his career. A new Queen has been crowned, an old enemy has resurfaced and the world is about to be embraced by the lethal wings of the Black Butterfly.... Lucifer Box. He's tall, he's dark and, like the shark, he looks for trouble. Or so he wishes. For, with Queen Elizabeth newly established on her throne, the now elderly secret agent is reaching the end of his scandalous career. Despite his fast-approaching retirement, however, queer events leave Box unable to resist investigating one last case.... Why have pillars of the Establishment started dying in reckless accidents? Who are the deadly paymasters of enigmatic assassin Kingdom Kum? And who...or what...is the mysterious Black Butterfly? From the seedy streets of Soho to the souks of Istanbul and the sun-drenched shores of Jamaica, Box must use his artistic licence to confront and kill an enemy with its roots in his own notorious past. Can Lucifer Box save the day before

the dying of the light?

The beast beneath the mountain is restless...

A fascinating look at Pompeii, Herculaneum and the Vesuvius eruption in comparison with other historically significant volcanic eruptions, including the World Trade Center disaster. The eruption of Mount Vesuvius in AD 79, which obliterated the Roman towns of Pompeii and Herculaneum, was a disaster that resounds to this day. Now palaeontologist Charles Pellegrino presents a wealth of new knowledge about the doomed towns – and brings to vivid life the people, their last moments, and the aftermath. The lessons learned from modern scrutiny of that ancient eruption produce disturbing echoes in the present. Dr Pellegrino, who worked at Ground Zero in the aftermath of the 9/11 attack, shares his unique knowledge of the strange physics of volcanic 'downblast' and 'collapse column', drawing a direct link from past to present, and providing readers with a poignant glimpse into the last moments of the 'American Vesuvius'.

It's the summer of AD 79 and Flavia Gemina and her friends, Jonathan, Nubia and Lupus, set sail for the Bay of Naples where they are going to stay with Flavia's uncle near Pompeii. Once they arrive, they are soon absorbed in a quest to solve a riddle that may lead to treasure. But then tragedy strikes: Mount Vesuvius erupts and the friends must flee for their lives! Not just a mystery - this is an absolutely thrilling action adventure that brings history to life!

Pompeii was one of most advanced cities of its time; it had a complex water system, gymnasium, and an amphitheater. Despite it's advancements, there was one thing it wasn't ready for: Mount Vesuvius—the volcano that led to its ultimate doom. The 79 AD eruption of Mount Vesuvius was one of the worst disasters in all of European history. In a near instant, over 15,000 people were dead and a city was completely destroyed. This book looks at the rise, fall, and rediscovery of the great city of Pompeii.
