REVIEWS FOR THE CANINE HANDBOOKS: "This is the book I have been looking for. I have had only had Springer Spaniels. This is my first Lab & after reading this book I am able to understand why my Lab behaves the way he does," L. NORDENHOLD, USA "As a previous owner of Golden Retrievers & now with a 7 month old bundle of energy, this book is the ideal handbook... Is this book useful? The honest answer is a resounding Yes," MR D. WELLER, UK "This is a very complete & comprehensive book about French bulldogs. I would highly recommend this book to new puppy owners," SUSAN SIMON, Secretary, FRENCH BULL DOG CLUB OF AMERICA "What an excellent book - a must for all Cocker Spaniel owners. What a great idea to have so many breeders give an insight to the life of a Cocker Spaniel," KEITH HENDERSON, UK "Absolutely brilliant book! Highly recommended reading for all new Pug owners, this book has breed specific information on every topic, unlike a lot of handbooks which have generalised dog information with only a small section on the actual breed," S. EVANS, UK

These smart and loyal canines can be highly trainable but may also be prone to stubbornness. Learn how to bring out the best in these beautiful dogs and allow their personalities to shine. Written by an expert, this book contains valuable information on a variety of topics that are essential for cultivating health and happiness in a canine companion—including feeding, grooming, and training. In addition to an extensive, veterinarian-approved health chapter, the book comes with a bonus DVD that features socialization, safety, and training advice from a professional dog trainer—plus detailed information from a veterinarian on what happens at the vet and how to perform regular health checks at home.

Toy Poodles as Pets by Lolly Brown is a complete guide to everything you've ever wanted to know about caring for, purchasing, grooming, training and even breeding, Toy Poodles. This toy breed is the smallest recognized Poodle type by the AKC, and while they have many quirks of toy breeds such as high energy and agile reflexes, make no mistake that this toy dog is still very much a Poodle. With the keen intelligence, charming demeanor and beautiful and proud posture, Toy Poodles are still the essence of the popular breed that has captured the hearts of people since the breed first made its appearance - around the 16th to 18th centuries. The national breed of France, originally a truffle hunter and companion to fashionable ladies, the Toy Poodle survives today still as resilient as ever. Despite its small size, it is surprisingly long-lived. With proper training, diet and nutrition, care and grooming, this tiny dog will surely become the center of your lives soon after you bring them home to be part of your family. Toy Poodle breeding, where to buy, types, care, temperament, cost, health, showing, grooming, diet, and much more included!

Did you know that the poodle ranks among the top ten breeds in America? It comes as no surprise when you consider their lovable personalities and easily trainable temperament. Poodles are known for being intelligent, loyal dogs who

This silver anniversary edition of Dave Coverly's Reuben award-winning Speed Bump collects 300 of his best cartoons into one full-color book. 25 years of ideas. 25 years of drawings. 25 years of coffee. Man, that's a lot of coffee. Coverly's work has appeared in over 400 newspapers, including the Washington Post, the Los Angeles Times, and the Detroit Free Press, as well as in Parade magazine, textbooks, greeting cards, and even on that internet thingy. Dry and gentle not only describes Dave's hands, but his sense of humor as well. And while there are no guarantees in life, this new collection of Speed Bump cartoons hopes to make you think, smile, snort awkwardly, rethink, pause for a bathroom break, maybe get a second cup of coffee, and return to read a few more before realizing you really should be doing something a little more productive.

Poodle Training - Dog Training for your Poodle puppy The training of dogs is often...  
... confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Poodle profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are significant when you get beyond the basic training phase. Your Poodle will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Poodle training books. Vol. 2 for your grown up Poodle is also available with the title "Poodle Training Vol. 2: Dog Training for your grown-up Poodle" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step instructions and secret tips which are tailor-made for your Poodle. Get your copy of this book today and experience... ... how your Poodle sees his world ... and how you can progressively train your dog to receive the best results. Your Poodle will appreciate it... ... so this is my advice: Don't hesitate to buy this book! Content of this book: About the Author Preface What you need to know about your Poodle Cornerstones of training puppies Before the puppy arrives The first few weeks The first commands Training basic knowledge Check list for the start Conclusion
