The Hidden Secrets of a Modern Seer focuses on Cher's personal and intense journey of spiritual transformation, including trials, tests and initiations, dramatic but sometimes sublime and fantastical manifestations, past life visions and predictions. Cher's very honest narrative encompasses her life from age four when a near death accident triggered her psychic gifts, stretching through to the age of thirty-five describing her mystical experiences and life as a professional medium, healer and counsellor. This book also focuses on her fascinating journey into other spiritual realms.

Aiming to bridge the gap between theory and application, this work focuses on strategic management.

The third volume in Siegfried Sassoon ' s beloved trilogy, The Complete Memoirs of George Sherston, with a new introduction by celebrated historian Paul Fussell A highly decorated English soldier and an acclaimed poet and novelist, Siegfried Sassoon won fame for his trilogy of fictionalized

autobiographies that wonderfully capture the vanishing idylls of Edwardian England and the brutal realities of war. Having been deemed mentally ill for his anti-war sentiments and sent for treatment, George Sherston comes under the care of neurologist Dr. W. H. R. Rivers, who allows Sherston to sort through his attitudes toward the fighting (events that have also been semi-fictionalized by Pat Barker for her bestselling and critically acclaimed *Regeneration* Trilogy). After six months in the hospital, Sherston leaves to rejoin his regiment. He is soon dispatched to Ireland, where he attempts to reclaim some of the idyllic fox-hunting days of his youth, then to Palestine. He finally ends up at the Western Front in France, where he is shot in the head while on a reconnaissance mission and invalided back home. As the capstone of Sassoon's masterful Sherston trilogy, *Sherston's Progress*—whose evocation of Bunyan's *Pilgrim's Progress* is not at all accidental—literally brings home the unforgettable journey of George Sherston from aristocratic childhood through war hero and anti-war martyr, all the way to wounded veteran trying to move on from the Great War. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Four sons. One throne. A world on the precipice. 1315 BC: Tensions soar between the great powers of the Late Bronze Age. The Hittites stand toe-to-toe with Egypt, Assyria and Mycenaean Ahhiyawa, and war seems inevitable. More, the fierce Kaskan tribes — age-old enemies of the Hittites — amass at the northern borders. When Prince Hattu is born, it should be a rare joyous moment for all the Hittite people. But when the Goddess Ishtar comes to King Mursili in a dream, she warns that the boy is no blessing, telling of a dark future where he will stain Mursili ' s throne with blood and bring destruction upon the world. Thus, Hattu endures a solitary boyhood in the shadow of his siblings, spurned by his father and shunned by the Hittite people. But when the Kaskans invade, Hattu is drawn into the fray. It is a savage journey in which he strives to show his worth and valour. Yet with his every step, the shadow of Ishtar ' s prophecy darkens... Praise for *Empires of Bronze: Son of Ishtar*: "A meticulously researched and vivid reimagining of an almost forgotten civilisation" - Douglas Jackson, bestselling author of the celebrated *Gaius Valerius Verrens* series "Vivid, immersive...wondrous!" - SJA Turney, bestselling author of *Marius' Mules* and *The Damned Emperors*. "An action-packed epic" - Matthew Harffy, bestselling author of the acclaimed *Bernicia Chronicles*. *About the Hittites & the Bronze Age*: Over three thousand years ago, before iron had been tamed, before Rome had risen, before the ashes from which Classical Greece would emerge had even been scattered, the world was forged in bronze. It was an age when Great Kings ruled, when vast armies clashed for glory, riches and the favour of their strange gods. Until the late 19th century, historians thought that they had identified the major powers who held sway in the last stretch of the Bronze Age: Egypt, Assyria... Ahhiyawa (Homer ' s Achaean Greece) even. But there was another — a fourth great power, all but lost to the dust of history: the Hittites. Hardy, fierce masters of Anatolia, utterly devout to their myriad gods, the scale and wonder of their world is only now shedding its dusty cloak thanks to the tireless work of archaeologists. The Hittites ruled from the high, rugged plateau at the heart of modern-day Turkey, commanding a ring of vassal states (most notably Troy) and boasting a dauntless army that struck fear into the hearts of their rivals. Their Great King, titled Labarna and revered as the Sun itself, was every bit the equal of Egypt ' s Pharaoh, of the trade-rich King of Assyria, and of the brash lords of Ahhiyawa. The Hittites were there when the Bronze Age collapsed. They bore the brunt of the cataclysmic events that destroyed the great powers, threw the Near East into a centuries-long dark age and changed the world forever. This is their story...
