David Halberstam Talks About Vietnam Geoffrey Ward - The Vietnam War: An Intimate History Vietnam A History Stanley Karnow

Verified Purchase. Vietnam: A History is a clearly written and accessible history of the Vietnam War, starting with the early days of French colonialisation all the way through to the fall of Saigon. The title is somewhat misleading, as this is really a history of the Vietnam War rather than Vietnam itself.

Vietnam: A History: Amazon.co.uk: Karnow, Stanley: Books

Stanley Karnow's "Vietnam: A History," provides a decent overview of the history of this country -- dominated for so long by China and then France -- as well as the Vietnam War, and the quagmire that the U.S. involvement became.

Vietnam: A History: Amazon.co.uk: Karnow, Stanley ...

Stanley Karnow ' s Vietnam: A History is a monster of a book, a dense 700-plus-page comprehensive history of the region that offers an overview of some 175 years of Vietnamese history before focusing in meticulous detail on the period from 1945 to 1975 when the Communist revolution began against the French and culminated in the defeat of the American-backed regime in Saigon some thirty years later

Vietnam: A History by Stanley Karnow - Goodreads

Pimlico, 1994 - United States - 768 pages. 0 Reviews. In Vietnam: A History, Karnow has produced the most comprehensive, fair-minded and enthralling account of one of this century's most controversial wars. Panoramic in scope, profound in understanding, and compassionate in human portrayals, it is filled with fresh revelations drawn from secret documents and from exclusive interviews with hundreds of participants on both sides.

Vietnam: A History elucidates the American involvement in Vietnam. The author explains all the political and military events that occurred in Vietnam after the Americans arrived, and he delves deeply into the decision-making process in Washington and Asia. Throughout, Mr. Karnow focuses on people: his book opens with the deaths of the first GIs in Vietnam and it ends with the reminiscence of ...

"A landmark work...The most complete account to date of the Vietnam tragedy." -The Washington Post Book World This monumental narrative clarifies, analyzes, and demystifies the tragic ordeal of the Vietnam war. Free of ideological bias, profound in its understanding, and compassionate in its human portrayals, it is filled with fresh revelations drawn from secret documents and from exclusive interviews with participants—French, American, Vietnamese, Chinese: diplomats, military commanders, high government officials, journalists, nurses, workers, and soldiers. Originally published as a companion to the Emmy-winning PBS series, Karnow's defining book is a precursor to Ken Burns's ten-part forthcoming documentary series, The Vietnam War. Vietnam: A History puts events and decisions into such sharp focus that we come to understand - and make peace with - a convulsive epoch of our recent history. "This is history writing at its best." -Chicago Sun-Times "Even those of us who think we know something about it will read with fascination." -The New York Times

This monumental narrative clarifies, analyzes and demystifies the terrible ordeal of the Vietnam war. Free of ideological bias, profound in its understanding and compassionate in its portrayal of humanity, it is filled with fresh revelations drawn from secret documents and from exclusive interviews with the participants - French, American, Vietnamese, Chinese: diplomats, military commanders, high government officials, journalists, nurses, workers and soldiers. The Vietnam war was the most convulsive tragedy of recent times. This is its definitive history.

For most Americans, the "exit" from Indochina occurred in 1973, with the withdrawal of the U.S. military from South Vietnam. In fact, the final exit did not occur until two decades later, after the collapse of the Republic of Vietnam in 1975, the Cambodian revolution, and a decade of Vietnamese occupation of Cambodia. Only in the early 1990s were the major powers able to negotiate a settlement of the Cambodia conflict and withdraw from the region. This book recounts the diplomacy that brought an end to great power involvement in Indochina, including the negotiations for a UN peace process in Cambodia and construction of a "road map" for normalizing U.S.-Vietnam relations. In so doing, this volume also highlights the changing character of diplomacy at the beginning of the 1990s, when, at least temporarily, an era of military confrontation among the major world powers gave way to political management of international conflicts.

"A brilliant, coherent social and political overview spanning three turbulent centuries." —San Francisco Chronicle Stanley Karnow won the Pulitzer Prize for this account of America's imperial experience in the Philippines. In a swiftly paced, brilliantly vivid narrative, Karnow focuses on the relationship that has existed between the two nations since the United States acquired the country from Spain in 1898, examining how we have sought to remake the Philippines "in our image," an experiment marked from the outset by blundering, ignorance, and mutual misunderstanding. "Stanley Karnow has written the ultimate book—brilliant, panoramic, engrossing—about American behavior overseas in the twentieth century." —The Boston Sunday Globe "A page-turning story and authoritative history." —The New York Times "Perhaps the best journalist writing on Asian affairs." —Newsweek

Focuses on a crucial two-day battle in Vietnam that was also marked by an ill-fated protest by University of Wisconsin students at the Dow Chemical Company, in an hour-by-hour narrative.

The first major synthesis of the war since 2001, drawing upon a host of newly declassified documents, presidential tapes, and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America.

This updated and revised edition of *Light at the End of the Tunnel* is an exhaustive account of the Vietnam War that gives a total overview of the conflict. Starting with Ho Chi Minh's revolt against the French, Andrew Rotter takes the reader through the succeeding years as scholars, government officials, journalists, and others recount the important events and examine issues that developed during this tumultuous time. This book is essential for anyone who has an interest in truly understanding the Vietnam War. These readings will both educate and entertain students about this turning point in the history of the United States and, indeed, the world.

The vivid voices that speak from these pages are not those of historians or scholars. They are the voices of ordinary men and women who experienced—and helped to win—the most devastating war in history, in which between 50 and 60 million lives were lost. Focusing on the citizens of four towns—Luverne, Minnesota; Sacramento, California; Waterbury, Connecticut; Mobile, Alabama;—The War follows more than forty people from 1941 to 1945. Woven largely from their memories, the compelling, unflinching narrative unfolds month by bloody month, with the outcome always in doubt. All the iconic events are here, from Pearl Harbor to the liberation of the concentration camps—but we also move among prisoners of war and Japanese American internees,

defense workers and schoolchildren, and families who struggled simply to stay together while their men were shipped off to Europe, the Pacific, and North Africa. Enriched by maps and hundreds of photographs, including many never published before, this is an intimate, profoundly affecting chronicle of the war that shaped our world. From the Hardcover edition.
