Britain's best-selling comic, 'The Beano' celebrates its 75th birthday this year Join Dennis the Menace, The Bash Street Kids, Roger the Dodger and Minnie the Minx for 112 pages of mischief, mayhem and menacing

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been cus tomarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the articles and references in this book, the in terest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and 0 (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Featuring R. Crumb's most outrageous sexual comics, Bible of Filth is possibly the dirtiest book around. One of America's most celebrated cartoonists, Crumb helped define cartoon and punk subcultures of the 1960s and 1970s with comic strips like Fritz the Cat, Mr. Natural, and Keep on Truckin'. The open sexuality of his work, paired with frequent self-deprecation and a free, almost stream-of-consciousness style, has made Crumb into a global voice and a renowned contemporary artist. Originally published in France in 1986 by Futuropolis, the first edition of Bible of Filth was never distributed in the United States because of its graphic sexual content, which included some of Crumb's most explicit comics from underground magazines such as Snatch, Jiz, Zap, XYZ, Big Ass, and Uneeda. This revised and expanded English edition, published by David Zwirner Books, contains all the original pieces from the 1986 volume, with over one hundred pages of additional material. Organized chronologically, there are comics from 1968 to 1986 that were omitted from the first edition and an entirely new selection of work from after 1986. Printed on bible paper and bound in leather, with gold debossing and edging, this volume looks and feels like a traditional bible, with no outward suggestion of what it contains. This revised and expanded Bible of Filth is the perfect introduction for newcomers, while retaining its status as an important collector's item for Crumb enthusiasts around the world.

Fourteen-year-old Roonie loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Roonie becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Roonie to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Roonie meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Roonie face her fears, make amends with Kira and reconnect with Gram before it's too late.

Students who love ragtime music will welcome this new solo by Martha Mier. She has simplified the difficult aspects of this musical style to make this solo perfect for early intermediate students of all ages. The left-hand jump bass with full chords typically found in ragtime music has been replaced with single notes. The syncopation found in the right-hand melody is easily accessible for this level. The key of C major (with a few accidentals) allows the student to focus on the technical demands of the piece rather than the key signature. Combine these features, and you have ragtime solo that is not only easy to play but fun to play as well!

There are two volumes to Feng Shui For The Curious and Serious book. Feng Shui For The Curious and Serious Volume 1 will introduce you to the basic of feng shui and feng shui principles. This book will also show you how to use feng shui principles to bring you and your family good health, good fortunes, harmony, and prosperity. This book not only discuss the basic of feng shui principles, but will also discuss the intermediate aspect of feng shui principles to provide you with an extensive understanding of feng shui. This book give you an extensive look at the five elements theory, the concept of chi, the heaven-man-earth principle, the Tao philosophy, and the yin and yang principle which is the core of feng shui. This book will also show you how to use feng shui measurement, how to identify the good fortune section of your house, how to identify feng shui poison arrows, how to take feng shui compass measurement, how to identify the four celestial animals of feng shui, and how to identify your good luck direction and bad luck direction. There are a lot of information in this book and many extra knowledge about feng shui that is not available in any other feng shui books.

Tender, aromatic and wonderfully diverse, North African food is full of subtle flavours, yet it is easy to create and delicious to eat. This newly updated bestseller includes the core recipes for traditional tagines and couscous, but adds the exotic starters, soups and salads that provide perfect companion dishes. Bring the spice and scent of the souk to your kitchen with this little gem.
