Amelia Earhart | National Women's History Museum

When 10-year-old Amelia Mary Earhart saw her first plane at a state fair, she was not impressed. "It was a thing of rusty wire and wood and looked not at all interesting," she dismissively said. It wasn't until she attended a stunt-flying exhibition, almost a decade later, that she became seriously interested in aviation.

Amelia Earhart (1897-1937) was an American pilot famous for becoming the first woman to fly solo across the Atlantic Ocean. She set many aviation records during her lifetime, and her courage and determination were an inspiration to all. Amelia tragically disappeared in 1937 when she tried to become the first woman to fly around the world.

Examines the life of pioneer aviator Amelia Earhart, who mysteriously disappeared during an around-the-world flight in 1937.

Autobiography of the famous flyer which describes her own ambitions to become a pilot and offers advice to others.

Read PDF Who Was Amelia Earhart Who Was

"Women must try to do things as men have tried. " When she was eight years old, Amelia Earhart built a roller coaster and "flew" through the air. She loved to watch daredevil pilots fly loops in the sky. Amelia decided to pilot a plane herself, and became one of the first women to learn to fly. She broke flight records and in 1932 was the first woman to fly across the Atlantic Ocean alone. The whole world admired her courage and daring. Amelia Earhart disappeared while trying to set a new record flying all the way around the world at the equator, but her pioneer spirit inspired many others to follow in her path.

Amelia Earhart's account of her ill-fated last flight around the world, begun in 1937, remains one of the most moving and absorbing adventure stories of all time. Last Flight compiles the letters, diary entries and charts that she sent to her husband, G.P. Putnam at each stage of her trip. In her own words, these dispatches offer a window into her experience on this ground-breaking journey and illustrate her cheerful, charming nature. Her story continues to intrigue and inspire people to this day.

When Amelia Earhart disappeared over the Pacific in 1937, she was at the height of her fame. Fascination with Earhart remains just as strong today, as her mysterious disappearance continues to inspire speculation. In this nuanced and often surprising biography, acclaimed aviation historian Kathleen C. Winters moves beyond the caricature of the spunky, precocious pilot to offer a more complex portrait. Drawing on a wealth of contemporary accounts, airline records, and other original research, this book reveals a flawed heroine who was frequently reckless and lacked basic navigation skills, but who was also a canny manipulator of mass media. Winters details how Earhart and her husband, publisher George Putnam, worked to establish her as an international icon, even as other spectacular pilots went unnoticed. Sympathetic yet unsentimental, this biography helps us to see Amelia Earhart with fresh eyes.

She died mysteriously before she was forty. Yet in the last decade of her life Amelia Earhart soared from obscurity to fame as the best-known female aviator in the world. She set record after record—among them, the first trans-Atlantic solo flight by a woman, a flight that launched Earhart on a double career as a fighter for women's rights and a tireless crusader for commercial air travel. Doris L. Rich's exhaustively researched biography downplays the "What Happened to Amelia Earhart?" myth by disclosing who Amelia Earhart really was: a woman of three centuries, born in the nineteenth, pioneering in the twentieth, and advocating ideals and dreams relevant to the twenty-first.

In this brilliantly imagined novel, Amelia Earhart tells us what happened after she and her navigator, Fred Noonan, disappeared off the coast of New Guinea one glorious, windy day in 1937. And she tells us about herself. There is her love affair with flying ("The sky is flesh") There are her memories of the past: her childhood desire to become a heroine ("Heroines did what they wanted") . . . her marriage to G.P. Putnam, who promoted her to fame, but was willing to gamble her life so that the book she was writing about her round-the-world flight would sell out before Christmas. There is the flight itself -- day after magnificent or perilous or exhilarating or terrifying day ("Noonan once said any fool could have seen I was risking my life but not living it"). And there is, miraculously, an island ("We named it Heaven, as a kind of joke"). And, most important, there is Noonan . . .

In this international bestseller from the critically acclaimed Little People, BIG DREAMS series, discover the life of Amelia Earhart, the American aviation pioneer. When Amelia was young, she liked to imagine she could stretch her wings and fly away like a bird. As a grown woman, she set a new female world record for flying up to 14,000 feet. She also flew across the Atlantic and the Pacific oceans, and eventually undertook the most dangerous mission of

Paper dolls, learning cards, matching games and other fun learning tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

When Amelia Earhart was eleven, she saw her first airplane. At the time she thought it was "not at all interesting." Despite this beginning, Amelia would go on to become one of the most famous aviators of her day. Never conventional, she grew up playing football and later studied automobile-engine repair. But she was planning a career in medical research, when on Christmas Day, 1920, she took her first plane ride -- a ride that changed her life. She bought her first plane the following year, and by 1928 became the first woman to fly across the Atlantic Ocean. Amelia Earhart went on to have many more flying adventures, but perhaps her best known flight is the one from which she never returned. When she disappeared mysteriously, Amelia Earhart was considered a hero.

Presents the life of the first female pilot to fly solo across the Atlantic Ocean, who mysteriously disappeared in 1937 while attempting to fly around the world.
