In this fully revised and updated new edition, Ellis explains how you can be successful over the long run. Applying wisdom gained from half a century of working with the leading investment managers and securities firms around the world, he shows how you can easily avoid common traps and get on the right road to investment success. Winning the Loser's Game leads you through the simple steps of setting realistic objectives, deciding on a sensible strategy, and, most importantly, sticking with it.

"Winning the Loser's Game is considered by many to be a classic analysis of investing." Financial Planning The premise of the bestselling Winning the Loser's Gamethat individual investors can achieve far greater success working with financial markets than against themhas grown increasingly popular in today's hard-to-predict markets. The latest edition of this concise yet comprehensive classic offers updated strategies to leverage the power of time and compounding, protect against down cycles, and more.

The go-to guide for serious investors seeking long-term success, Winning the Loser's Game explains clearly the all-important lessons learned over half a century working with the world's leading investment experts. Called "Wall Street's wisest man" by Money magazine, Charles Ellis converts the expertise he has developed as a consultant to the world's largest pension, endowment and sovereign wealth funds and as a teacher at Harvard, Yale and Princeton into candid, pithy, easy to use chapters on how to succeed as an investor. This final edition of this popular book—it has already sold over 500,000 copies—is packed with important up to the minute facts and insights into... • Why indexing continues to out-perform "active" indexing. • Why fees are much higher than most of us realize. • How 401(k) plans can and should be modernized. • Why understanding behavioral economics is so important for all investors. With Winning the Loser's Game, you have anything you need to identify your unique investment objectives, develop a realistic and powerful investment program, and enjoy superior results. In 2 - 3 hours of easy reading, you can have the same informed and candid advice that his clients gladly pay big fees to get from Charles Ellis. You'll also have fun.

The Classic Guide to Winning on Wall Street—Completely Updated and Expanded! "The best book about investing? The answer is simple: Winning the Loser's Game. Using compelling data and pithy stories, Charley Ellis has captured beautifully in this new and expanded edition of his classic work the most important lessons regarding investing. In today's unforgiving environment, it's a must-read!" F. William

McNabb III, Chief Executive Officer and President, Vanguard “Charley Ellis has been one of the most influential investment writers for decades. This classic should be required reading for both individual and institutional investors.” Burton Malkiel, author, A Random Walk Down Wall Street “No one understands what it takes to be a successful investor better than Charley Ellis and no one explains it more clearly or eloquently. This updated investment classic belongs on every investor’s bookshelf.” Consuelo Mack, Anchor and Managing Editor, Consuelo Mack WealthTrack “A must-reread classic, refreshed and updated with the latest ‘lessons to be learned’ from the 2008–2009 market events.” Martin Leibowitz, Managing Director, Morgan Stanley Research “Winning the Loser’s Game has long been required reading for professional investors. . . . This elegant volume explores approaches for individuals such as relying on intellect rather than emotion, and building a personal portfolio by taking advantage of what other investors already know.” Abby Joseph Cohen, Goldman Sachs & Co “This is less a book about competition than about sound money management. Sounder than Charley Ellis they do not come.” Andrew Tobias, author, The Only Investment Guide You’ll Ever Need About the Book: Peter Drucker referred to Winning the Loser’s Game as “by far the best book on investment policy and management.” Now, in its fifth edition, the investing classic has been updated and improved. With refreshing candor, straight talk, and good humor, Winning the Loser’s Game helps individual investors succeed with their investments and control their financial futures. Ellis, dubbed “Wall Street’s Wisest Man” by Money magazine, has been showing investors for three decades how stock markets really work and what individuals can do to be sure they are long-term winners. Applying wisdom gained from half a century of working with the leading investment managers and securities firms around the world, Ellis explains how to avoid common traps and get on the road to investment success. Winning the Loser’s Game helps you set realistic objectives and develop a sensible strategy. You will learn how to: Create an investment program based on the realities of markets Use the “unfair” index fund to succeed, even in tumultuous markets Institute an annual review process to steer your investments well into the future Maximize investing success through five stages, from earning and saving through investing, estate planning, and giving The need for a trustworthy investing guide has never been greater. Sixty million individuals with 401(k)s are now responsible for making important investment decisions. They know they’re not experts but don’t know whom to trust. Winning the Loser’s Game explains why conventional investing is a loser’s game, and how you can easily make it a winner’s game!

The definitive guide to long-term investing success—fully updated to address the realities of today’s markets Technology, information overload, and increasing market dominance by expert investors and computers make it harder than ever to produce investing results that overcome operating costs and fees. Winning the Loser’s Game reveals everything you need to know to reduce costs, fees, and taxes, and focus

on long-term policies that are right for you. Candid, short, and super easy to read, Winning the Loser's Game walks you through the process of developing and implementing a powerful investing strategy that generates solid profits year after year. In this eagerly awaited new edition, Charles D. Ellis applies the expertise developed over his long, illustrious career. This updated edition includes: NEW CHAPTERS on bond investing, how investor behavior affects returns, and how technology and big data are challenging traditional investment decisions NEW RESEARCH and evidence supporting the case for indexing investment operations NEW INSIGHTS into the role of governance, developing a comprehensive saving strategy, and the power of regression to the mean Companies change, and markets and economies go up and down—sometimes a lot. But the core principles of successful investing never change—and never will. That's why, when you've read this book, you'll know all you really need to know to be successful in investing. With Winning the Loser's Game, you have everything you need to identify your unique investment objectives, develop a realistic and powerful investment program, and drive superior results.

The evidence-based approach to a more worthwhile portfolio The Index Revolution argues that active investing is a loser's game, and that a passive approach is more profitable in today's market. By adjusting your portfolio asset weights to match a performance index, you consistently earn higher rates of returns and come out on top in the long run. This book explains why, and describes how individual investors can take advantage of indexing to make their portfolio stronger and more profitable. By indexing investment operations at a very low cost, and trusting that active professionals have set securities prices as correctly as possible, you will achieve better long-term results than those who look down on passive approaches while following outdated advice that no longer works. "Beating the market" is much harder than it used to be, and investors who continue to approach the market with that mindset populate the rolls of market losers time and time again. This book explains why indexing is the preferred approach in the current investment climate, and destroys the popular perception of passive investing as a weak market strategy. Structure your portfolio to perform better over the long term Trust in the pricing and earn higher rates of return Learn why a passive approach is more consistent and worthwhile Ignore overblown, outdated advice that is doomed to disappoint All great investors share a common secret to success: rational decision-making based on objective information. The Index Revolution shows you a more rational approach to the market for a more profitable portfolio.

Go inside the elite investment firm with Capital. The Capital Group is one of the world's largest investment management organizations, but little is known about it because the company has shunned any type of publicity. This compelling book, for the first time, takes you inside one of the most elite and private investment firms out there—the Capital Group Companies—a value investment firm par excellence.

It digs deeps to reveal the corporate culture and long-term investment strategies that have made Capital the one organization where most investment professionals would like to work and would most recommend as long-term investment managers for their family and friends.

Charles Ellis lays out the basic dimensions of being a successful investment client in a world where picking managers is hard to do.

Gathers articles on investment theory and practice, financial analysis, and portfolio management.

Everything you need to know for long-term stock-market success-with critical new information about indexing, ETFs, and 401(k)s From one of today's most respected authorities on stock investing, Winning the Loser's Game explains how you can avoid common traps and succeed in today's volatile markets. Ellis presents the cold, hard facts about important changes in the market over the past 50 years, why succeeding with active investing has become more difficult, and how you can outperform markets for steady, long-term gain. With lower rates of return now and over the next several years, you need to rethink your overall approach to investing-and Ellis shows how in this heavily updated edition.
